Duration	8 weeks
Time	5pm-9pm
Cost	Fully Subsidised Course
Location	Online- from home on your own device

Course Description

This skill set provides the necessary skills and knowledge for people training under supervision in the Vocational Education and Training sector, who work mainly in classroom situations.

This skill set contains the following two units:

- TAEDEL301 Provide work skill instruction
- BSBCMM401 Make a presentation

These units provide credit towards TAE40116 Certificate IV in Training and Assessment.

Course outcomes include:

- Prepare and deliver both individual and group training sessions to demonstrate work skills.
- Assess the success of the training and your own training performance.
- Develop different presentation aids and learning resources using technology.
- Gain an awareness of workplace health and safety (WHS) procedures and requirements prior to and during training.

On successful completion participants may chose to enrol into the full qualification of TAE40116 Certificate IV in Training and Assessment.

CAREER OPPORTUNITIES

By successfully completing this course, you could find employment within a Registered Training Organisation as a Trainer under supervision

How does it work

- To enrol in this course, you will need to provide evidence of your vocational competence in the area you propose to teach and assess. Vocational competence is defined as broad industry knowledge and experience and may include holding a relevant unit of competency or qualification.
- Identify as an Aboriginal or Torres Strait Island person.
- Live or work in NSW.

Delivery Model

Participants attend from home on their own device. Training will be delivered via Microsoft Teams which is a form of video conferencing platform.

Attend one evening workshop of 4 hours each week for 8 weeks. Participants will be able to select from either a Tuesday, Wednesday or Thursday evening to attend a workshop.

TAFE NSW will offer a Be Prepared workshop whereby you will receive training and support to assist you to participate in the Microsoft Teams delivery platform. Either virtual or on campus learner support will be available to all participants.
