Information & Digital Technology: Cyber Security

with TAFE NSW Schools Launchpad

The what

The world is online, which means the world is vulnerable to a host of malicious cyber attacks. This puts cyber security experts in huge demand, and the **ICT30120 Certificate III in Information Technology** course is the perfect introduction to a fast-paced and exciting field. Future job roles could include penetration tester or cyber security engineer.

You'll learn about current and emerging cyber security risks and threats, as well as develop skills in networking via simulated environments like Cisco Packet Tracer. We're excited for you to be a part of the virtual TAFE-delivered Vocational Education and Training (TVET) program to maximise your learning and complete your HSC with highly relevant and real world skills. Success is doing what you love, so discover your perfect career path with TAFE NSW.

The why	The how
<p>TAFE NSW Schools Launchpad:</p> <ul style="list-style-type: none">▪ Is future-focussed, geared towards emerging and growth industries▪ Teaches in-demand skills that employers want▪ Contributes towards your HSC and ATAR*▪ Gives you a head start in your career▪ Allows you to try a career and/or ignite a passion▪ Get a nationally recognised Certificate III qualification upon successful completion▪ Provides you with credit towards further study at TAFE NSW*	<p>TAFE NSW Schools Launchpad offers:</p> <ul style="list-style-type: none">▪ Teacher-led structured virtually delivered classes in real time▪ Work placements in real world industries▪ 24/7 access to content – anywhere, anytime▪ Collaboration with other students around NSW▪ Access to leading industry software, simulated workplaces and tools

Possible course pathways

Credit towards ICT40120 Certificate IV in Information Technology or may assist with skills required for 22334VIC Certificate IV in Cyber Security.*
