7. Early Identification & Intervention Strategy

- 7.1 Teachers will identify potentially at-risk students during the first four weeks of subject delivery.
- 7.2 Identification of potentially at-risk students is based on the student:
 - previously failing to successfully complete a unit of study in their course
 - has not engaged with the support services previously offered to them
 - needs literacy and numeracy support
 - has minimal class attendance
 - has not submitted early assessment tasks

- has performed poorly in early assessment tasks
 - has not logged into or engaged with the Learning Management System (Moodle)
 - has informed a TAFE NSW staff member that non-academic/personal issues may put them at risk of not successfully completing their unit of study.
- 7.3 All students identified as potentially at-risk, will be contacted by the Course Coordinator no later than Week 6 in the current semester to be offered additional support.
- 7.4 It is the student's responsibility to ensure they participate in any additional support strategies recommended.

8. Academic progress

- 8.1 Students are required to attain minimum academic standards to be deemed to be maintaining satisfactory academic progress in a course of study.
- 8.2 Students do not meet minimum academic standards in a course if they:
- are at risk of not successfully completing their unit(s) of study
 - demonstrate low levels of engagement in the unit(s) of study, for example, the student has not attended any classes or engaged with the unit's content online;
 - fail any given unit of study more than once; and/or
 - fail two or more subjects attempted in a semester.
- 8.3 Each Course Coordinator monitors the academic performance of each student against the minimum academic standards throughout the semester and at the end of each semester.

9. Students deemed at academic risk

- 9.1 A student not meeting minimum academic standards, as described in Section 8.2 above, or who is otherwise identified as experiencing academic difficulties, is deemed to be a student at academic risk.
- 9.2 A record of all students deemed to be at academic risk must be maintained by the Course Coordinator in the Student Issues Register.
- 9.3 The Course Coordinator will contact the student at risk, in writing, to arrange an academic counselling session.
- 9.4 The purpose of an academic counselling session is to determine an appropriate intervention strategy such as a Student at Risk Intervention Plan. The Student at Risk Intervention Plan will be negotiated between the Course Coordinator, the student and where appropriate a TAFE NSW Counsellor.
- 9.5 The Student at Risk Intervention Plan must be signed by the student and a copy of the document is to be saved in the student's record in the Student Management System.
- 9.6 The Student at Risk Intervention Plan may include requiring the student to:
- attend academic skills programs;
 - attend tutorial or study groups;
 - receive individual case management;
 - attend academic or personal counselling;
 - have their study load reduced;
 - receive reasonable adjustment or special consideration for an assessment event;

- receive assistance with personal issues which are influencing progress;
- receive mentoring; or
- a combination of the above.

9.7 At risk students may have conditions placed on their enrolment.

9.8 At risk students are made aware in writing of the availability of support processes and services at the various points at which they are identified to be at risk.

9.9 Student participation and progress in undertaking the Student at Risk Intervention Plan must be documented in the Student Issues Register and will be monitored, reviewed, and adjusted as needed by the relevant academic and/or support staff providing the support or service.

9.10 The outcomes of the intervention strategy will be recorded in the Student Issues Register and reported by the Course Coordinator to the Dean of Higher Education.

9.11 The flowchart at Appendix A summarises the process to manage students at academic risk.

10. Failing a prerequisite subject

10.1 A student who has not successfully completed a required prerequisite subject for progression to a subsequent subject may not be enrolled in the subsequent subject.

10.2 Where a student believes their course progress may be adversely affected by the provisions of Section 10.1, the student may seek a review of this rule by writing to the Dean of Higher Education.

10.3 In determining whether the student is permitted to progress, the Dean of Higher Education will assess the student's academic record. The Dean may allow the student to repeat the prerequisite subject concurrently with the subject that it is a prerequisite for, based on advice from the Course Coordinator and the Dean's assessment as to whether the student may reasonably be expected to be successful.

11. Students who continue to fail to meet minimum academic standards

11.1 A student who fails to meet minimum academic standards in the next study period after an intervention strategy has been provided, will be advised by the Course Coordinator in writing warning them that their enrolment may be terminated.

11.2 The student is required to provide a written response to the Course Coordinator outlining reasons why they should be permitted to continue enrolment in the course. The student must submit the response within two weeks of the date of the notification from the Course Coordinator.

11.3 A student who does not submit a written response by the due date will be advised that their enrolment will be terminated.

11.4 On receipt of the student's response, the Course Coordinator may:

- permit the student to continue with or without specific conditions; or
- recommend to the Dean of Higher Education termination of the student's enrolment.

11.5 In determining whether the student is permitted to continue enrolment in the course, consideration should be given to:

- any circumstances that may have negatively affected the student's academic performance; and
- the student's compliance and engagement with the Student at Risk Intervention Plan developed for the student.

- 11.6 An intervention strategy must be activated for a student who is permitted to continue their enrolment in the course, as described in Section 7.
- 11.7 A student who is permitted to continue their enrolment in the course, and who again fails to attain the minimum academic standards or breaches the conditions will have their enrolment terminated due to unsatisfactory academic progress.
- 11.8 Any decision to terminate the student's enrolment will be communicated in writing to the student by the Dean of Higher Education.
- 11.9 A student who is advised that their enrolment will be terminated will be informed of their right to appeal the decision.
- 11.10 If the student accesses the appeals processes, then their enrolment must be maintained while the appeals process is in progress.

12. Consequences of termination of enrolment

- 12.1 Students whose enrolment is terminated, but who wish to undertake further study, in the same or a different course, must apply to TAFE NSW Higher Education for re-admission in line with the TAFE NSW Higher Education Student Selection and Admissions Procedure. Conditions may be placed on the student's new enrolment.

- 13.3 After a Student at Risk Intervention Plan has been put in place, an international student who continues to fail to meet the minimum academic standards in a second consecutive semester must be notified in writing by the Course Coordinator that they have not achieved satisfactory academic progress and that their enrolment may be terminated. The Course Coordinator also advises the Dean of Higher Education and the International Customer Experience Lead about the student's unsatisfactory progress.
- 13.4 An international student has the right to appeal a decision to terminate their enrolment. The process is as follows:
 - 13.4.1 The student must respond in writing to the Course Coordinator within two weeks of the date of the letter from the Course Coordinator giving reasons as to why their enrolment should not be terminated.

- 13.6 Any decision to terminate the student's enrolment will be communicated in writing to the student by the Dean of Higher Education.
- 13.7 An international student who is advised that their enrolment will be terminated will be informed of their right to appeal the decision.

- 13.9 If the international student does respond to the letter advising termination and the internal appeal is not upheld, the International Customer Experience Lead is advised and provided with relevant documentation. The International Customer Experience Lead advises the student about the external appeal process, including the timeframe to access this appeal.
- 13.10 If the international student does not access the external appeal process or if the external appeal is unsuccessful, then the International Customer Experience Lead will report the student for unsatisfactory progress to the relevant Commonwealth government departments with responsibility for international students and will recommend to the Dean of Higher Education termination of the student's enrolment.
- 13.11 If the student accesses the appeals processes, then their enrolment must be maintained while the appeals process is in progress.
