

VET STUDENT LOANS

FAQs for students

Question 1

What is VET Student Loan?

The VET Student Loans program is the Commonwealth Government loan scheme for vocational education and training (VET), it replaced the VET FEE-HELP program on 1 January 2017.

Under this program, **eligible students** studying in *approved* Diplomas or Advanced Diplomas may be able to defer their tuition fees through a student loan.

Your loan is repaid through the Australian tax system when you reach the minimum income threshold for repayment. There is a loan fee of 20% for full fee-paying students but there is no loan fee for eligible students in some NSW Government subsidised, (Smart and Skilled) training places.

Question 2

Am I eligible?

To be eligible, you must either:

- be an Australian citizen, or
- hold an eligible permanent humanitarian visa and usually reside in Australia, or
- be a New Zealand citizen on Special Category Visa (SCV subclass 444) who grew up here. See FAQ 14.

Holders of other permanent visas and temporary visas are NOT eligible for a VET Student Loan.

You must also:

- have a tax file number or be applying for one
 - have a USI (see FAQ 4)
 - intend to undertake your course primarily in Australia
 - be assessed as academically suitable to undertake a high level vocational qualification (see FAQ 5.)
 - have a Commonwealth Higher Education Support Number (CHESSN) (see FAQ 6)
 - have not met your lifetime Commonwealth student loan limit (see FAQ 10)
-

Question 3

Is my course eligible?

The Commonwealth selects eligible courses in line with industry needs and employment outcomes and approves providers to run those courses. The list of courses approved for TAFE NSW to offer VET Student Loans is on the [TAFE NSW website](#).

Question 4

What is a USI?

A USI is a Unique Student Identifier. From 1 January 2015, the Commonwealth has required all students studying in a nationally recognised training course to have a USI. If you already have one, please ensure you use this same USI whenever you enrol for any training. If you don't yet have a USI, you can go to

<https://www.usi.gov.au/> to register before you apply to enrol. Alternatively, you can do this as part of your enrolment.

Question 5

What is academic suitability?

All students wishing to apply for a Commonwealth VET Student Loan must be assessed for academic suitability to undertake a high level VET qualification. This is aimed at ensuring you have the skills and knowledge to succeed in your course. Academic assessment is in addition to any other entry requirements for your course, or any other additional selection criteria. Refer to the VET Student Loans [Student Entry Procedure](#) on the TAFE NSW website.

To be assessed as academically suitable, you must either:

- provide a copy of your senior secondary certificate of education (that has been awarded by an Australian authority or agency) or
- provide evidence of attainment of an Australian Qualification Framework qualification at Certificate 4 or above that was delivered in English. You may provide a Certificate or transcript from your previous provider or a transcript from the national [USI register](#) (for qualifications attained from 2015). If it is a TAFE NSW qualification, you just need to tell us when and where you studied, or
- undertake an approved literacy and numeracy assessment and be competent at Exit Level 3 or above in reading and numeracy. Your college will assist you through the process to undertake this assessment if you need to. It's free of charge. TAFE NSW colleges may use either the Basic Key Skills Builder (BKSB), the Core Skills Profile for Adults (CPSA) or the Foundation Skills Assessment Tool (FSAT).

Question 6

What is a CHESSN?

A CHESSN is a Commonwealth Higher Education Student Support Number which is allocated to all students when they first access a Commonwealth loan. Any Commonwealth student loan you take is recorded against your CHESSN. If you already have a CHESSN, please supply that number. Otherwise, TAFE NSW will provide you with one.

Question 7

How will my course fees be charged?

Fees for courses eligible for VET Student Loans are charged by units of study. Your course will have a minimum of three units of study, with your payments spread across the duration of your course.

Each unit of study has a census day, set at no less than 20% into the unit of study. You will be sent an **Invoice Notice** to your personal email address 14 days before each census day, indicating your fees and census days. Your debt is incurred on the day after the census day. After a census day has passed, TAFE NSW will also send you a **Commonwealth Assistance Notice (CAN)** for that unit of study. The CAN will provide you with information about your debt, including the loan fee if applicable. If you believe your CAN is incorrect, you should contact your college immediately.

For a few courses, there may be a gap between the course fee and the loan that the Commonwealth will allow for your course (the loan cap), which you need to pay. We will let you know if there is a gap payment when you enquire, and also about other payment options that may be available.

Question 8

How do I apply for a VET Student Loan?

A VET Student Loan is an agreement between you and the Commonwealth. You apply for a loan through the Commonwealth Government's *Electronic Commonwealth Assistance Form (eCAF)*.

If you have been accepted into your course, met all the loan eligibility and academic suitability requirements (including providing any required evidence) and wish to apply for a loan, we will advise the Commonwealth. They will then send you an email with your log-on details and a passkey to access the loan application. You must complete the online application before the first census day of your course, otherwise you are not eligible for a loan for that unit and will need to pay.

Your loan application is separate to your enrolment with TAFE NSW. The Commonwealth requires that there is a two business day cooling off period between when you first enrol with TAFE NSW and when you apply to enrol. When you complete the form and have been approved for a loan, your college will be advised and your enrolment can be finalised.

Question 9

Are there further requirements to maintain eligibility for my loan?

Yes. You must continue to participate in your study and progress through your course.

The Commonwealth will contact you two or three times per year by email and ask you to complete some questions and a student survey to confirm that you are still studying and wish to continue to access a loan to cover your course fees. This process will happen in February, June and October. Keep an eye out for the emails. Failure to comply with the request could result in the cancellation of your loan.

In addition, if you are not progressing through your course, TAFE NSW may also cancel your enrolment to ensure that you are not unnecessarily incurring debt. You will be informed of this and have 28 days to respond or initiate a grievance procedure if you think this is not correct.

Question 10

When do I repay my debt?

You start repaying your debt through the tax system when your income is **above the minimum repayment threshold**. Repayment thresholds are adjusted each year to reflect changes in average weekly earnings. The minimum repayment income threshold for 2017-18 is \$55,874. For more information, go to [Study Assist](#).

Question 11

Is there a limit to how much I can borrow?

Yes, from 1 January 2017, the Commonwealth has set a loan cap for each course. Course loan caps are published with the TAFE NSW Approved Course List on the on the [TAFE NSW website](#). Most students will not be affected by the loan caps.

There is also a lifetime loan limit per student. This loan limit is the total amount available to you in your whole lifetime under any Commonwealth student loan scheme – whether it is FEE-HELP (in Higher Education), VET FEE-HELP or a VET Student Loan. It is indexed each year, in line with the Consumer Price Index (CPI). In 2017, the Commonwealth loan limit is \$100,879 for most students.

Question 12

Will taking out a loan impact my credit rating?

Yes. A VET Student Loan is a personal debt obligation that can affect your credit rating and have wage and tax repayment implications. You should take financial advice before applying for a VET Student Loan.

Question 13

Is there an age limit for applying a VET Student Loan?

There are no age restrictions, though the intent is that your study will have a vocational outcome. That is, it will enable you to get a job or support your career progression.

Parental consent is required for students who are under 18 years old, unless you are receiving Youth Allowance (on the basis that you are independent). You must provide a copy of your Centrelink Income Statement noting your independent assessment. Otherwise, you must have your parent or guardian complete the Commonwealth's Parental Consent Form and return it to the College. Please ask your College for this form.

Your parent or guardian will not be responsible for making loan repayments and it will not affect their credit rating. You will have to make the relevant repayments once your income reaches the minimum payment threshold.

Question 14

I have a student debt already. How do I find out my total debt?

Log in to *myUniAssist* on the [Study Assist](#) website. You will need your Commonwealth Higher Education Student Support Number (CHESSN) to log in.

Question 15

Can I make an upfront payment?

Yes. If you have future fees, you can make any upfront payments you can afford to TAFE NSW. This will save you the 20% loan fee that is applied to all fee-for-service loans. (There is no loan fee for students in State Government Subsidised places. Ask at your college if you are unsure.)

If all your census days have passed, you can make payments direct to the Australian Taxation Office (ATO).

Question 16

What are New Zealand Citizen Eligibility criteria?

New Zealand citizens who hold a Special Category Visa (SCV Subclass 444) and meet the residency criteria are eligible to apply for a loan. The residency requirements are:

- you first began living in Australia at least 10 years before applying for a loan, and at that time, were a child under 18 years of age and did not have a spouse or de-facto partner; and
- you have been in Australia for at least eight of the 10 years immediately prior to applying and at least 18 months of the last two years.

You will need to provide evidence to TAFE of your eligibility before requesting a loan.

Question 17

What if I study part time or online?

It makes no difference. VET Student Loans are available for part-time and online, as well as full-time study.

Question 18

Am I eligible for a fee reduction for Credit Transfer or RPL for previous learning?

Yes. If you have completed previous studies, please discuss this with a teacher before you enrol, as you could be eligible for reduced fees. You should also let us know as soon as possible if you have experience in the area you are studying and think you may qualify for RPL (Recognition of Prior Learning) which means your study load is reduced and your fees may also be lower.

Question 19

What if I finish earlier than anticipated, before all census days have passed?

Our students quite often finish earlier than anticipated. It may be because they received large amounts of credit transfer, reducing the amount of study they need to do, or some students in flexible courses are able to apply more time to their studies and progress more quickly. We think that's fantastic!

If you are going to finish early, your college will contact you to discuss moving your census days forward so that all your course fees will become due in your new, shorter study period.

Question 20

I'm receiving Centrelink benefits. Does this affect the amount of VET Student Loan assistance I can access?

No—Centrelink benefits do not affect your eligibility or the amount of assistance you can access.

Question 21

What if I want to withdraw from my study?

You must **withdraw in writing** by completing the *VET Student Loan Withdrawal* form, available from the [TAFE NSW website](http://TAFENSW.EDU.AU) or from your college. The loan amount you incur will depend on the timing of your withdrawal. There are no penalties if you withdraw on or before the census day. However, once a census day has passed, the loan amount for the unit of study is incurred.

In some special circumstances, you may apply to have your debt reversed. Please talk to your college or go to the TAFE NSW website for more information.

Question 22

What happens to my debt if I move overseas?

Legislation has been passed to require all HELP debtors (from any Commonwealth student loan program) who move overseas to make compulsory HELP repayments. This began on 1 July 2017 and applies to all existing HELP debts.

TAFE^{NSW}

The first step is to notify the ATO before you travel, or within 7 days of leaving Australia, if you intend to move overseas for 183 days (around 6 months) or more in any 12 month period. For more information on how to register with the ATO, go to [Study Assist](#).

Question 23

Where can I find more information about VET Student Loans in TAFE NSW?

Ask at your local college Customer Service Office or go to the [TAFE NSW website](#). For general information, visit the [Commonwealth Government Study Assist website](#).

The information in this flyer is correct as at 24 July 2017
