FEE-HELP
Application to re-credit a FEE-HELP balance or refund tuition fees

Students who withdraw after the Census Date may apply under special circumstances:
- to have their FEE-HELP balance re-credited if they have taken out a FEE-HELP loan; or
- to have their tuition fees refunded (if they have paid upfront).

Special circumstances are specified under the *Higher Education Support Act* (HESA 2003) and are listed on the back of this form. Please read these carefully to ensure you are eligible before applying. All decisions to re-credit a FEE-HELP balance can only be made in accordance with the requirements of HESA.

Requests for re-crediting a FEE-HELP debt should be made within 12 months of the withdrawal date (unless the Institute is satisfied your application could not be made within the time frame because of special circumstances). If you have not withdrawn your enrolment, you must apply within 12 months of the last day of the unit(s) in which you were enrolled. You cannot apply for a re-credit for a Unit of Study if you have successfully completed that Unit of Study.

Special circumstances for re-crediting a student’s FEE-HELP balance

1. Special Circumstances
A provider must re-credit if the provider is satisfied that special circumstances apply to the person that were:
- beyond the person’s control; and
- did not make their full impact on the person until on, or after, the Census Date; and
- made it impracticable for the person to complete the requirements for the unit in the period during which the person undertook, or was to undertake, the unit [HESA Schedule 1A clause 48]

1.1 Beyond a student’s control - Circumstances could be considered beyond a student's control if a situation occurs that a reasonable student would consider is not due to the student's action or inaction, either direct or indirect, and for which the student is not responsible. This situation would generally be expected to be unusual, uncommon or abnormal. For example, a lack of knowledge of how FEE-HELP works or the requirements regarding Census Dates would not be considered beyond a student’s control.

1.2 Do not make full impact until on or after the Census Date - Circumstances could be considered not to make their full impact on the student until on or after the Census Date for the unit if the student’s circumstances occur:
- before the Census Date, but worsen after that day
- before the Census Date, but the full effect or magnitude does not become apparent until after that day; or
- on or after the Census Date.

1.3 Impracticable for the student to complete the Unit of Study requirements - Circumstances that make it impracticable for the student to complete the requirements for their unit may include:
- medical circumstances. For example, where a student’s medical condition has changed to such an extent that he or she is unable to continue studying.
- family/student circumstances. For example, death or severe medical problems within a family, or unforeseen family financial difficulties, so that it is unreasonable to expect a student to continue studies.
- employment related circumstances. For example, where a student’s employment status or arrangements have changed so that the student is unable to continue his or her studies, and this change is beyond the student’s control.
- course related circumstances. For example, where the Institute has changed the unit it had offered and the student is disadvantaged by either not being able to complete the unit, or not being given credit towards other units or courses.

2. Special circumstances do not include:
2.1 lack of knowledge or understanding of requirements for FEE-HELP assistance; or
2.2 a student's incapacity to repay a FEE-HELP debt, as repayments are income contingent and the student can apply for a deferral of a compulsory repayment in certain circumstances.
