

How to Install the Adobe Creative Cloud Suite

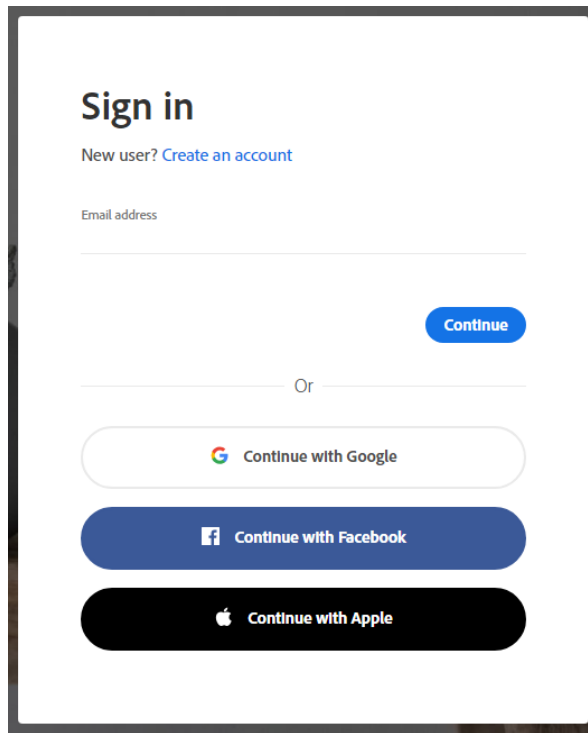

1. To log in the Adobe Creative Cloud, choose one:
 - a. In your preferred browser, navigate to <https://creativecloud.adobe.com> and click **Sign In** in the top right corner.

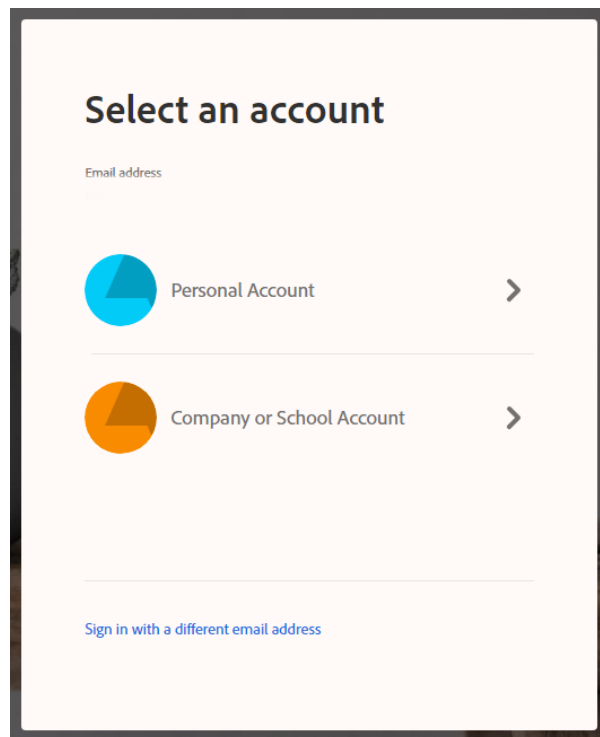

- b. If the **Creative Cloud Desktop** app is installed, launch it, the log in portal will appear automatically.

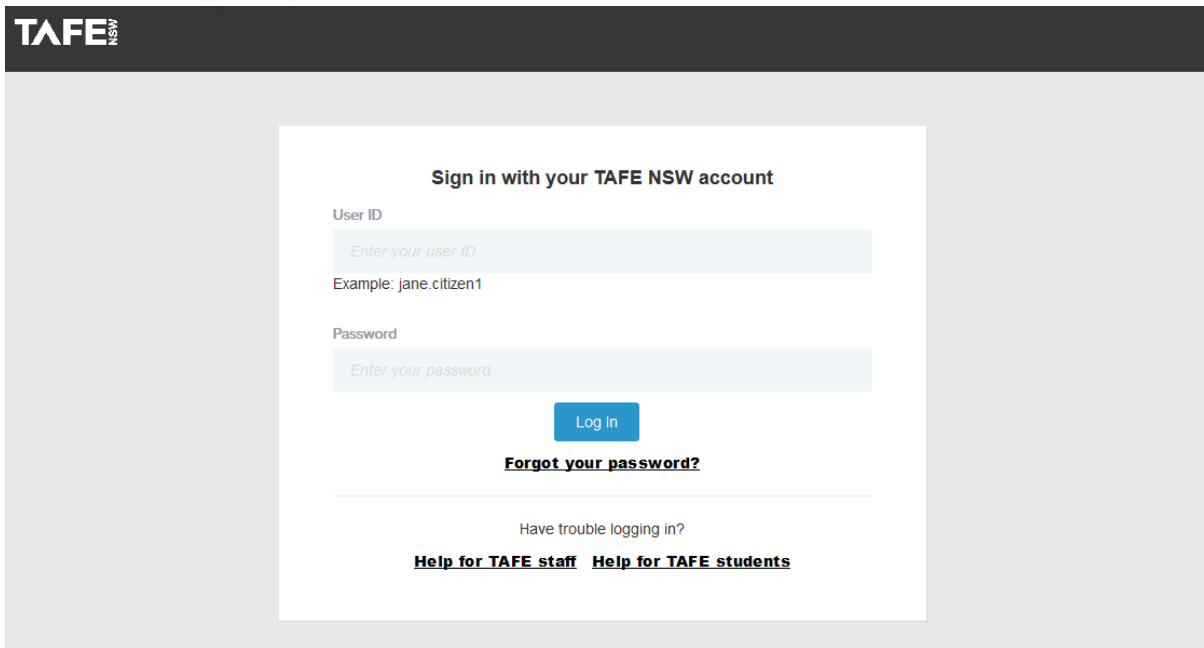

2. In the log in portal, enter your @studytafensw.edu.au email address in the **Email address** field then press **Continue**.

3. If prompted, select **Company or School Account**.

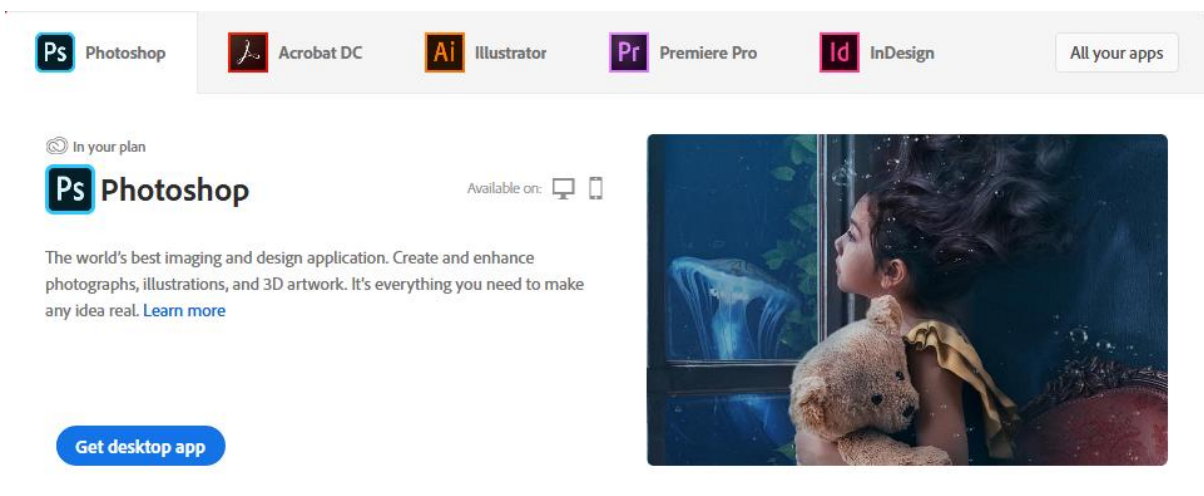

4. You may be redirected to the TAFE NSW login portal. If so, log in with your student login details then press **Log In**.

Once authenticated, you're able to use all installed Adobe Creative Cloud applications.

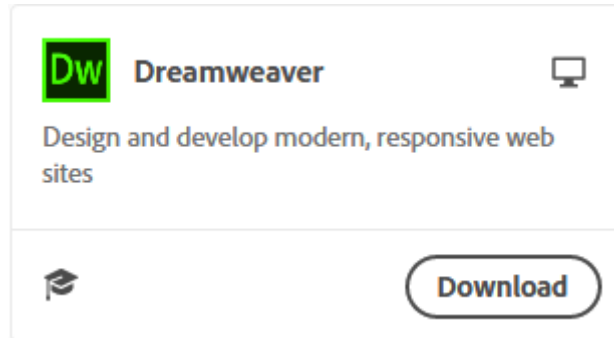

To download applications:

1. From your preferred Web Browser:
 - a. Log in to <https://creativecloud.adobe.com>
 - b. Click **All Your Apps**

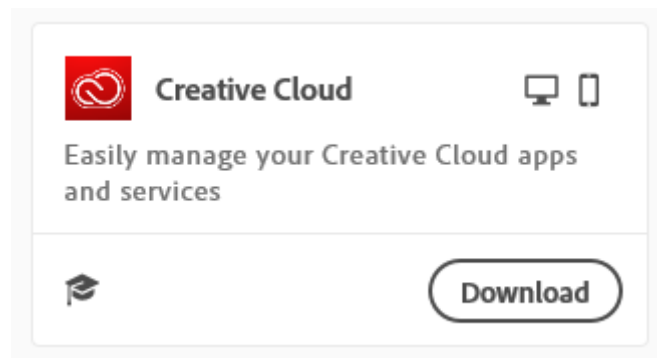

- c. Locate the desired app(s) and click their corresponding **Download** link, then follow the prompts to install the software.

N.B. Each application downloads the Creative Cloud Desktop App if it isn't installed on your computer already.

2. From the Adobe Creative Cloud desktop app
 - a. Open the Adobe Creative Cloud app, it can be downloaded [here](#)

- b. From the  All apps tab, scroll down until you locate the desired app(s) and click their corresponding **Install** link, then follow the prompts to install the software.
