Learning through your Moodle

Connected learning student resources

This guide is one of several student resources created to help you get started with connected learning.

Tips and tricks cards

We have two tips and tricks cards to help you understand what you need before class and what to expect during class. There is also a checklist available so that you come to the virtual class prepared.

Platform guides

Your teacher will ask you to use different technology platforms to connect with your class. You might not be required to use all platforms. There are several Guides to help you access and use commonly used platforms.

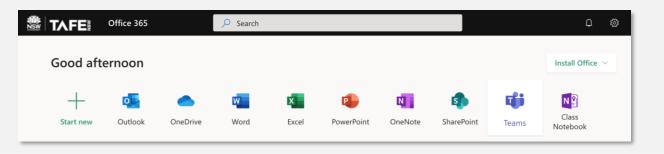

Office 365 apps

By signing into your Office 365 account, you will be able to access different useful apps. To learn more, visit this resource: https://swav.office.com/db3aaFkBEvgwxFDZ

Moodle Guides

There are three Guides available to help you use your Course Moodles. You are currently viewing Guide but you can *click* on each of the other Guides below to view the contents.

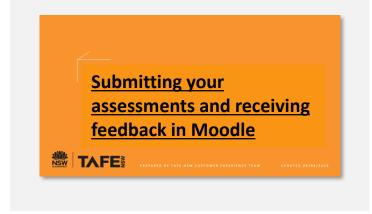

What this Guide will help you with

This *interactive* Guide will help you start using your Moodle to complete your Course.

It will demonstrate how to check and add your personal information, navigate the Moodle, message or email your teacher and fellow students, use forums and locate additional resources.

Short demonstration videos are also available. Wherever you see the video icon, simply *click* to watch.

Please keep in mind that teachers will decide what you will need from your Moodle, so some parts of this Guide may not apply to you.

1 <u>Use the menu</u> <u>options</u>

2 Edit your profile

Communicate in Moodle

Participate in forums

- Find and Download resources
- Access study support

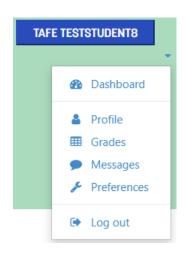

There are a number of ways to navigate your Moodle Course.

You have your own personal page called the **Dashboard**:

- 1. Click on the dropdown arrow next to your name on the top right.
- Click on Dashboard.

You can also use the **Breadcrumb menu**:

1. Click on **Dashboard**, which is the first option in the menu.

Dashboard / My courses / CHC33015_Ageing_(5520) / Course overview

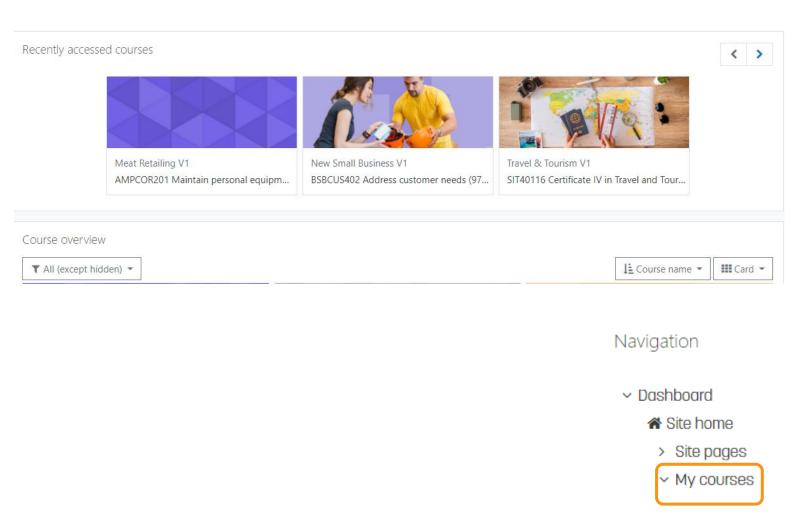

Use the menu options

You can see and access the Courses and Units that you have enrolled in from the **Dashboard**, or from the **Navigation** block on the right side of your screen.

The **Course overview** displays three dropdowns:

- 1. An option to sort by all, current, future, in progress, starred or hidden courses.
- 2. An option to display Courses by last accessed or by title.
- An option to display Courses by cards, summary or list view.

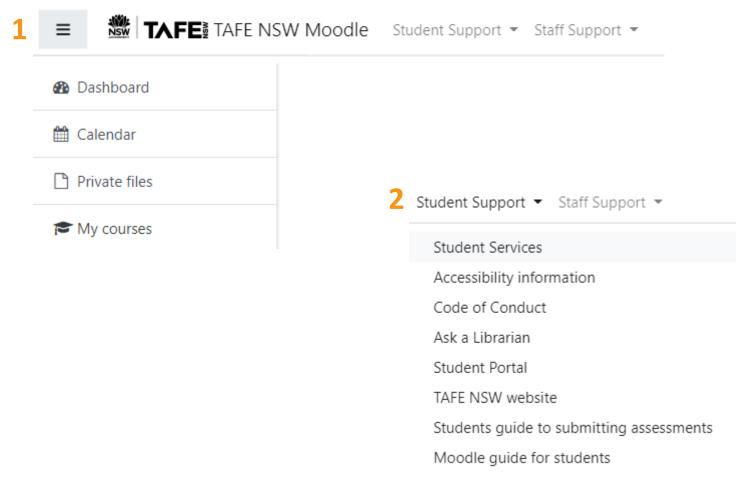

Use the menu options

- Click on the lines icon to the left of TAFENSW logo to open a list of your Courses, as well as to access the Calendar and your Private files. The Calendar can display site, course, group, user and category events in addition to assignment and quiz deadlines, chat times and other Course events.
- Click on Student Support to view links to information and help that is available to you.

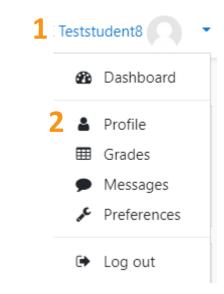

Every user in Moodle has a **Profile** page. Your profile allows you to add a photo of yourself, change your Moodle preferences (including whether other students in your Course can see your email address), and to add a brief introduction about yourself.

- Click on the dropdown arrow next to your name on the top right. This menu also contains links to further pages such as Grades, Messages, and Preferences.
- Click on Profile icon.
- Click on Edit Profile in User Details on the left.

If you don't want other students in your Course to see your email address, under **Email display**, you should select:

Hide my email address from non-privileged users.

tafe.teststudent8@studytafensw.edu.au

Edit your profile

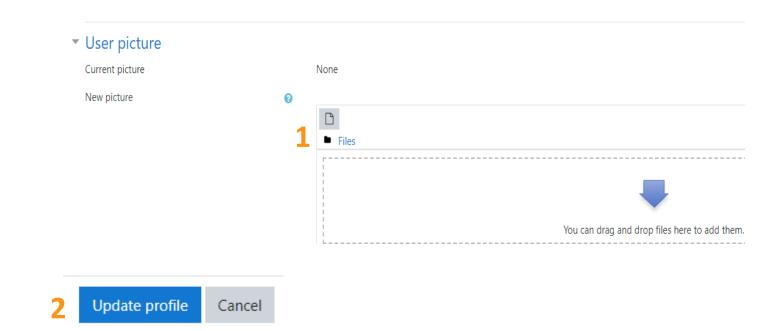

You can add a picture to your profile under **User picture**. Browse and select either a .jpg or .png image, maximum size 1GB.

- 1. Either *Click* on **Files** to select the image or *drag and drop* the image into the section.
- 2. Click on **Update profile**.

The image will be cropped to a square and resized to 100 x 100 pixels.

You can also add information about your interests by listing them – they will then be displayed as tags.

Click on **Update profile** when you are finished.

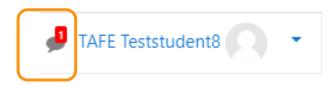

You can communicate with your teacher and fellow students within the Moodle by sending and receiving private messages. This is in addition to receiving notifications about assignments, forum discussions etc.

New messages are highlighted with a number in the messaging icon at the top of the screen.

Note: the number in red, reflects how many people have sent new messages, not the actual number of new messages.

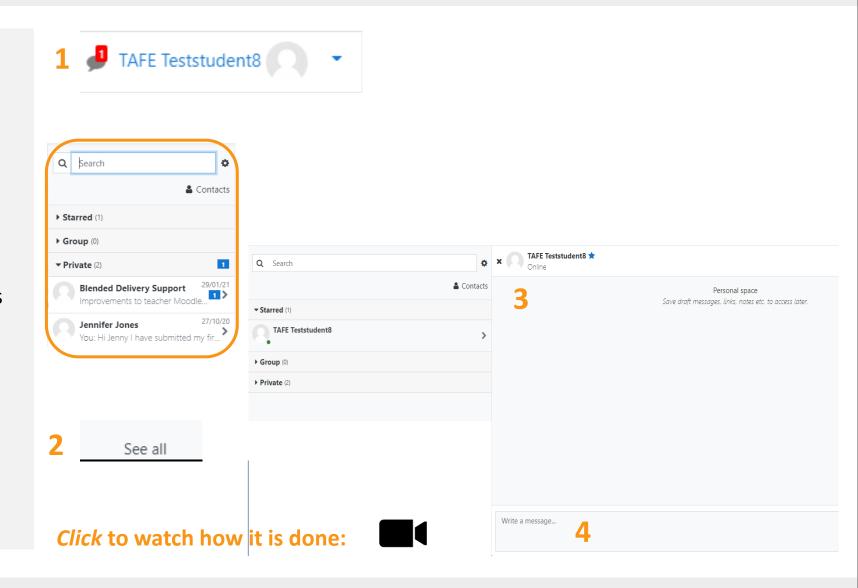

You can send a message to your teacher(s) and other students.

- 1. Click on the Message icon to see your messages.
- 2. Click on See All at the bottom of the window to see the messaging drawer, which is divided into starred messages, group messages and private messages.
- 3. You have a **Personal space** for draft messages.
- 4. At the bottom of the window, you can click into **Write a message...** to compose a message.

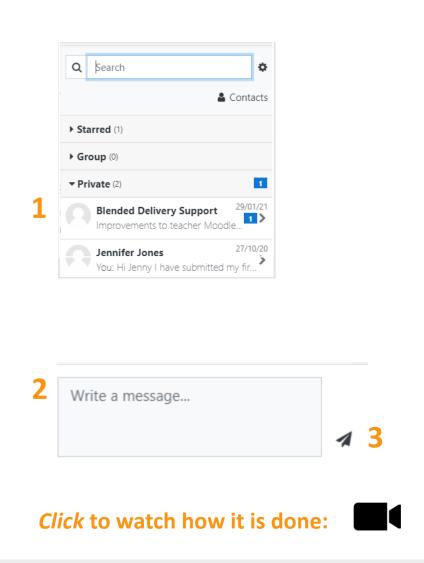

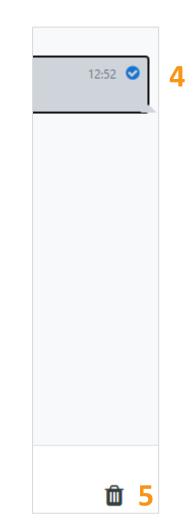

Communicate in Moodle

To reply to a message:

- 1. Click on the message to open it.
- Type your reply in the Write a message... window.
- Click on the arrow icon to send the message.
- 4. Messages can be deleted by clicking on them. Ensure they are selected (with a visible checkmark).
- 5. Click the bin/trash can icon at the bottom of the messaging drawer.

- 1. Use the **Search** box to search for people and messages.
- **2.** Contacts and contact Requests can be accessed from the **Contacts** link.
- 3. Click the cog icon to display **Privacy** settings, **Notification** preferences and in General, the option to press enter to send messages.

1	×	Search		Q	☆ 3

Participate in forums

You may be required to post your thoughts or questions to a forum in your **Course**.

Before using the forum, refer to the links in the <u>Technology</u>

<u>Management Support Policy</u> so that you understand your rights and responsibilities around online user behaviour. Make sure your communication is respectful and sensitive to all people.

Course forums can be found under the **COURSE ESSENTIALS** tab.

COURSE OVERVIEW

COURSE ESSENTIALS

To post to a Course forum:

1. Click on the Add a new discussion topic button.

On the next screen:

- 2. Add a discussion subject and type in your message. You can use the formatting buttons, create a link, add images etc.
- 3. Click on the Post to forum button.

Note: you will have 30 minutes to make changes to your post before it becomes live.

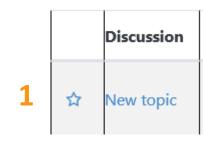

You can only edit your own posts within 30 minutes of posting.

Select and *click* on the discussion topic you wish to edit.

On the next screen:

- 2. Click on Edit.
- 3. Review your post.
- Click on Save changes when finished.

To remove your post completely, select **Delete** in Step 2 instead of Edit.

Edit Permalink Delete Reply

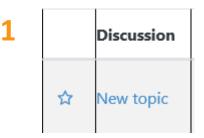

To reply to a post:

1. Select and *click* on a discussion topic.

On the next screen:

- 2. Click on Reply.
- 3. In the Message box type in your response.
- Click on the **Submit** button.

Find and download resources

Your teacher may have uploaded additional resources to the Moodle to support you in your studies.

These resources, if available, can be located in the resource database under the **RESOURCES** tab.

1. Click on resource-db to open the list.

OVERVIEW LESSONS RESOURCES ASSESSMENTS

Resources

Additional learning resources such as videos or links to further reading.

There are a number of **student study support services** to assist you to complete your Course.

smarthinking is an external online study support service freely available to all current TAFE NSW students. A support team is waiting online to help you, Monday to Sunday 24/7. The team can help you with subjects like writing, maths, science, economics and more.

- Click on the link (on the right-hand side of every Moodle page) to take you to more information and the smarthinking login screen. Use your TAFE username and password to log into this service.
- From the Moodle Dashboard, click Student Support from the top menu. From this dropdown menu, you can access additional support, such as the Student Services page on the TAFE NSW website, Ask a Librarian and the Student Portal.

Access study support

Click to return to Guide contents page:

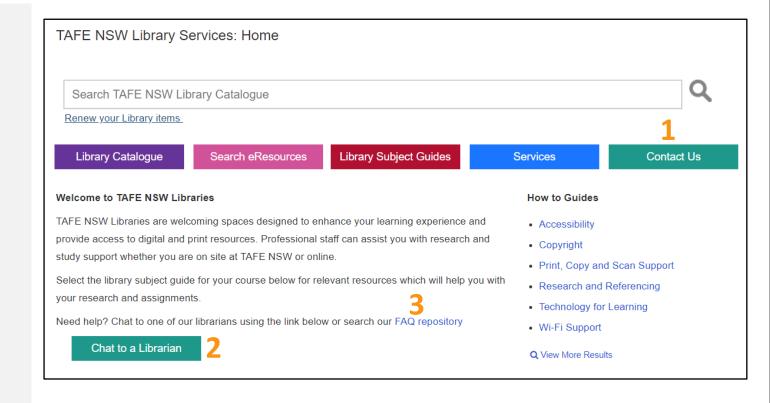

The **Library Services Homepage** on the TAFE NSW website connects you with a team of librarians who can assist you with all your research and study support needs.

This page can be accessed at:

https://tafensw.libguides.com/home

Click on Contact Us to find opening hours and contact details for your local or closest library.

- 1. Click on Chat to a Librarian to chat live with a librarian from 9 am to 5 pm on days libraries are open. Alternatively, you can send an email from this page.
- There is also a list of Frequently AskedQuestions you can search.

Need more support?

If you are experiencing difficulties with accessing or logging into Moodle, please:

- Call the **TAFE NSW Student Technology Service Desk** on **131** 601 and follow the prompts; or
- Lodge an inquiry using the <u>Get Technology Help Form</u>.

Students who may be deaf or hard of hearing, can also seek assistance through the National Relay Service.

You can also contact your local **library** for support. You can choose to click on the "Contact us" or "Chat to a Librarian" button on the Library Services Homepage:

https://tafensw.libguides.com/home
