PROJECTED JOB GROWTH IN 5 YEARS FOR ACCOUNTANTS[^]

THE WHAT

Accounting is a part of every successful business, big and small. With the **FNS30317 Certificate III in Accounts Administration** you'll learn the fundamental concepts all accountants must know to launch a career in the financial sector or work in an accounting team. Top level math skills aren't essential, as teacher-led virtual classes will teach you all you'll need to know.

In this fast-paced course, you'll join our simulated organisation to start investigating account irregularities as a forensic accountant, tracking down overpayments that could be worth millions. We're excited for you to be a part of the new virtual TAFE-delivered Vocational Education and Training (TVET) program to maximise your learning and complete your HSC with highly relevant and real world skills.
