

# GET A FAST PACED AUTOMOTIVE CAREER

WITH A TAFE NSW SCHOOLS LAUNCHPAD COURSE.

**+1k**  
MORE JOBS OVER  
THE NEXT 3 YEARS  
IN REPAIR &  
MAINTENANCE  
INDUSTRY\*

## THE WHAT

The automotive workshops of today are more likely to resemble a hospital ward than a grease pit. Diagnostic machines, telematics, lasers and data analysis: these are the new tools of the trade, and you'll learn how to use them (plus traditional skills) as you learn how vehicles and engines operate in the **AUR20720 Certificate II in Automotive Vocational Preparation** course.

This course offers a head start to an automotive apprenticeship and is a great introduction to sales, mechanics, diagnostics, body and paint refinishing and light/heavy equipment used in automotive technology. We're excited for you to be a part of the new virtual TAFE-delivered Vocational Education and Training (TVET) program to maximise your learning and complete your HSC with highly relevant and real world skills. Success is doing what you love, so discover your perfect career path with TAFE NSW.

## THE WHY

TAFE NSW Schools Launchpad:

- Is future-focussed, geared towards emerging and growth industries
- Teaches in-demand skills that employers want
- Contributes towards your HSC and ATAR\*
- Gives you a head start in your career
- Allows you to try a career and/or ignite a passion

## THE HOW

TAFE NSW Schools Launchpad offers:

- Teacher-led structured virtual classes
- Work placements in real world industries
- Scheduled workshops for practical, hands-on skills (where applicable)
- 24/7 access to content - anywhere, anytime
- Collaboration with other students around NSW via chat and tutorials
- Access to leading industry software, simulated workplaces and tools

## RECOGNITION OF PRIOR LEARNING

Up to six credits towards AUR30620 Certificate III in Light Vehicle Mechanical Technology and associated courses (depending on subjects delivered).\*

## NEXT STEPS

Speak to your school career advisor to explore your virtual TVET study options for 2022.
