THE WHAT

Being able to collate and analyse data is a highly desired skill, and the **BSB30120 Certificate III in Business** will help you develop the skills that could launch you into an exciting career. Make use of your strong maths skills to collate, analyse and forecast using data, and get an understanding of what's needed to succeed in this emerging field.

Data analytics plays a key role in government and big business decision making, and this course is a great introduction to what is - and will be - a vital skillset for all industries. We're excited for you to be a part of the new virtual TAFE-delivered Vocational Education and Training (TVET) program to maximise your learning and complete your HSC with highly relevant and real world skills. Success is doing what you love, so discover your perfect career path with TAFE NSW.
