THE WHAT

If you like working with your hands and seeing the results of your efforts, then the **CPC20220 Certificate II in Construction Pathways** is for you. You'll not only learn how to use 30 specific hand and power tools to bring a project to life, but you'll also be taught the basics of using virtual design software to create compelling and detailed models that allow for accurate cost estimates, and is an essential future-focussed tool in your construction toolbox.

With real world experience through work placements and face-to-face learning this course is a great pathway into a potential carpentry apprenticeship. We're excited for you to be a part of the new virtual TAFE-delivered Vocational Education and Training (TVET) program to maximise your learning and complete your HSC with highly relevant and real world skills. Success is doing what you love, so discover your perfect career path with TAFE NSW.
