

Supply Chain Operations (Warehousing, Logistics and Procurement)

When you gain the latest industry-connected logistics and warehousing skills from TAFE NSW, a huge range of career opportunities become available. As a skilled worker in this crucial link industry, you will become an integral part of the storage, transportation, and exchange of goods that occurs in just about every organisation. Designed and delivered in partnership with the logistics and warehousing industry, our courses ensure your career is in the best possible hands.

Job opportunities [^]

Logistics is an integral part of Australia's supply chain and a crucial driver of economic growth, employing more than 574,000 people across warehousing, storage, handling, and distribution.

Fast track your career

If you are already working in the logistics and warehousing industry and want to build on your existing career, you can apply for Recognition of Prior Learning (RPL), so you don't have to study things that you already know.

Annual growth [^]

The Australian transport and logistics industry includes approximately 186,230 businesses including an estimated 98.8% that employ fewer than 20 staff.
