

# IAT-C Weekly Construction Status Update

Institute of Applied Technology -  
Construction (IAT-C) & Multi-Trades

23 June 2023

# Context

TAFE NSW is delivering the Institute of Applied Technology - Construction; an \$84.5M Capital investment located at the TAFE NSW Nepean - Kingswood campus.

This new State of the Art, 5 Star Green Star Multi-trades facility will provide specialised training in construction, carpentry, electrical and plumbing, to support trades skills shortages in the Western Sydney Region.

The Institute of Applied Technology is a new education offering from the NSW Government, where leading educational institutions and industry will co-locate, co-design, and co-deliver theoretical and practical learning to empower people with the skills and experience they need to thrive in life and work. It will provide employable outcomes, transferrable skills, blended learning, and flexible pathways. This will ensure that NSW has a workforce ready to meet the needs of industry and future infrastructure demand.

# Highlights and Achievements (Week ending 24/06/2023)

- Continuation of steel to Civil high risk area
- Continuation of civil ground works and external landscaped areas, stairs and pathways
- Continuation of services rough-in and fit-off
- Continuation of external façade, glazing, and soffits
- Continuation of internal partition framing, insulation, internal wall sheeting, painting, and ceiling grids
- Continuation of structural steel roof framing, skylights, and roof sheeting
- Continuation of tiling works to amenities
- Continuation of floor finishes
- Continuation of joinery installation
- Continuation of installation of PV solar panels on roof

High-risk area progression
