# EXPLANATORY NOTES

Data in the tables above complies with TEQSA Admissions Transparency Requirements. Further explanation of the fields is provided below.

**Data is provided for commencing students only and does not represent the full course enrolment cohort.**

A. Higher education study – the commencing student had completed past higher education study including a bridging or enabling course.

B. Vocational education and training (VET) study – the commencing student had completed VET studies prior to commencing the TAFE degree.

C. Work and life experience – students who were admitted based on previous achievement other than the above categories.

D1. Recent secondary education - admitted solely on the basis of ATAR. TAFE Degree students do not require an ATAR for entry and as such, students who enter with an HSC are not admitted based on ATAR.

D2. Recent secondary education - admitted where both ATAR and additional criteria were considered . Refer above.

D3. Recent secondary education - admitted on the basis of other criteria only and ATAR was not a factor. This data field refers to the number of students who had completed their HSC in the last two years, with admission being based on additional criteria, eg: portfolio, interview, etc.

Commencing international students – the number of commencing students who are international students.

Total number of commencing students – the total number of students who commenced their studies in a TAFE Degree in 2017.

N/A – where students are not accepted on the basis of this category.

All data provided above is based on 2017 enrolment data.
