EXERCISE MANAGEMENT FOR EMERGENCIES

Are you or your organisation interested in developing the skills required to plan, design and manage emergency management exercises?

This unit is based on the competency:

**PUAEMR011: MANAGE AND EVALUATE EMERGENCY
MANAGEMENT EXERCISES**

PUAEMR013: DESIGN EMERGENCY MANAGEMENT EXERCISES

This training is suitable for people working in an industry or an organisation that focuses on multi-hazard emergencies requiring a multi-agency response. This could include hospitals, local governments, airports, seaports, utilities, manufacturing industries, and emergency services organisations.

DELIVERY MODEL

NCEMS works in partnership with host organisations to deliver this blended Unit. Accredited training combines a face-to-face workshop with online learning and assessment and expert facilitator support. Individuals are able to join existing groups to complete the Unit.

As a professional development, this Unit can be delivered upon industry request as a face-to-face workshop in a location of choice.

ASSESSMENT

Assessment tasks for those undertaking accredited training will confirm the learner's ability to meet the performance criteria, and have direct relevance to the workplace.

COURSE DURATION

This Unit is delivered and assessed over 10 weeks.

The duration of professional development workshops for industry is negotiable.

PATHWAYS

This is a nationally recognised qualification from the Public Safety Training Package (PUA12). The training package is an all hazards, multi-agency course suitable for people who work in the industry or have an aligned emergency management role. It is a practical and challenging learning experience designed to enhance or develop skills in emergency management before, during and after a disaster event.

RECOGNITION AND CREDIT

Recognition of Prior Learning (RPL) and Direct Credit are available through application.
