PLANNING OFFICER

BE READY FOR THE WORST - BE TRAINED BY THE BEST

Planning Officers are responsible for ensuring high quality documentation and situational awareness information is available to support the management of incidents. The Planning Section is the hub of information on the current and projected situation, using networks of technical specialists and community sources to inform decision making. They look at risk strategically, and apply dynamic assessment strategies to recommend courses of action that result in successful outcomes.

This program focuses on the role and responsibilities of the Planning Section as determined by the Australasian Inter-Service Incident Management System (AIIMS). Students will build a capability to develop different incident documentation, including, but not limited to, the Incident Action Plan, Communications Plan and Demobilisation Plan.

PUAOPE025 – Manage planning for a complex incident

The Statement of Attainment in Manage planning for a complex incident supports skills and knowledge required to collect, analyse and apply information and to develop plans for the resolution of a complex incident.

DELIVERY MODEL

Accredited training combines a face to face workshop with online learning and assessment and expert facilitator support. Individuals are able to join existing groups to complete the unit.

ASSESSMENT

Assessment tasks for those undertaking accredited training will confirm the learner's ability to meet the performance criteria, and have direct relevance to the workplace.

COURSE DURATION:

This unit is delivered and assessed over 10 weeks.

PATHWAYS

Manage planning for a complex incident is a nationally recognised qualification from the Public Safety Training Package (PUA12)

The training package is an all hazards, multi-agency course suitable for people who work in the industry or have an aligned emergency management role. It is a practical and challenging learning experience designed to enhance or develop skills in emergency management before, during and after a disaster event.

RECOGNITION AND CREDIT

Recognition of prior learning (RPL) and direct credit are available through application.
