

BUILDING DESIGN AND ARCHITECTURE COURSES

From dreaming big to seeing the final brick laid, studying a TAFE NSW course in Building Design and Architecture can lead to an exciting and rewarding career working on infrastructure projects, commercial and industrial buildings, or someone's dream home. Building designers work with architects and engineers to develop working drawings and building plans for new constructions and renovations. Our courses can provide pathways to further study at university that will enable you to become an architect, or to go on to study a TAFE NSW Bachelor of Design (Interior Design).

“You learn a lot on the job but you also learn a lot at TAFE NSW. The basics underpin the skills and know-how to ensure you’re able to communicate with other tradesmen and implement what you have learnt from TAFE NSW on the job.”

ANDREW, COMPLETED THE TAFE NSW DIPLOMA OF BUILDING DESIGN, NOW A SENIOR DESIGNER AT DESIGN CORP ARCHITECTS.

WHY CHOOSE TAFE NSW?

Recognised and respected. TAFE NSW has built its reputation on delivering trusted, industry aligned and nationally recognised qualifications for over 130 years.

State-of-the-art facilities. Purpose-built facilities designed to train you in real-world, all-weather settings. Specialist centres include stonemasonry, carpentry and joinery, glass and glazing.

Quality teachers. Experts in the Building, Construction and Property sectors, our teachers maintain dynamic relationships with industry and industry bodies.

Strong industry connections. Partnerships with major projects such as Barangaroo Skills Exchange, as well as peak industry bodies including the Master Builders Association, Housing Industry Association and Australian Property Institute.

Opens career doors. We ensure our graduates are industry-ready with qualifications aligned to NSW Fair Trading licensing and registration requirements and our work placements often lead students into full-time work.
