AUTOMOTIVE TRADES AND SERVICES

Staggering advances in technology and changing consumer trends are hallmarks of the automotive industry. For the workforce, that means new and exciting skills. With 18 million cars on Australian roads and the addition of almost half a million extra vehicles a year, the industry is revving up.

Whether it’s repairing, tuning, selling, painting or trimming, TAFE NSW is the place to get your automotive career rolling. People passionate about the automotive industry enrol in courses with TAFE NSW each year because they know that employers trust our training and employ our graduates. We offer nationally recognised qualifications for every stage of your automotive career, whether you’re starting as an apprentice or you’re an industry veteran. We’re passionate about quality, hands-on training and want to help you be your best.

WHY CHOOSE TAFE NSW?

- **Strong industry connections.** Strong and dynamic links to leading organisations such as MTA-NSW, IAME, GMH, Toyota, Cummins, John Deere, Harley-Davidson Australia, I-Car and Yamaha.
- **Opens career doors.** From introductory programs to school-based apprenticeships to advanced trade qualifications, our programs are all designed to improve your career.
- **Choice of programs.** Explore your passion for all things automotive, from systems diagnostics and performance enhancement to customised paint refinishing and more.
- **State-of-the-art facilities.** Specialist, purpose-built facilities are designed in consultation with the automotive industry so you learn tomorrow’s skills using the latest technology and equipment.
- **Quality teachers.** Experts in the automotive field, our teachers have a passion for delivering the relevant training to enhance your career.

PLENTY OF WORK

AVIATION AND MARITIME

Whether you prefer to be on the seas, in the sky or staying grounded, careers in Aviation and Maritime are on the rise. Qualified employees are in demand and there is great scope for career advancement in a wide range of work environments. From pilots to cabin crew to deckhands to marine engineers, dynamic and exciting careers with the option to work internationally and travel the world await you.

TAFE NSW Aviation and Maritime courses are delivered by professionals who have the industry experience and connections to help you launch your career or take it higher. You will train in practical and interactive learning environments that include marine digital simulators and full-motion flight simulators. Whether your career will be on the ground, in the air or on the water, your training will be hands-on and designed with industry leaders for tomorrow's world. The Aviation and Maritime industries are truly international and play a large part in global business and management. Potential employers include airlines and shipping lines, airports, ports and terminals, aircraft and shipping manufacturers, tourism and logistics and freight companies.

WHY CHOOSE TAFE NSW?

Strong industry connections. Connections with Pacific Flight Services and Sydney Flight College ensure our training is focused on tomorrow’s needs.

Quality teachers. Experienced in their fields with strong Aviation and Maritime industry connections, our teachers are passionate about delivering a relevant and real-world education.

State-of-the-art facilities. Apply your skills for real within interactive learning environments including simulated workplaces, and when you take ‘field’ trips on vessels as part of your course.

Opens career doors. Many of our job placements lead students straight into full-time work in Aviation and Maritime.

JOB OPPORTUNITIES

8,200 people employed as marine transport professionals in Australia.

HIGH FULL-TIME EMPLOYMENT RATES

78% of professionals in the Aviation and Aerospace industry are employed full-time.

ENGINEERING AND ELECTROTECHNOLOGY

Sustainability, innovation, skills shortages, robotics, the digital age—there has never been a more exciting time to work in Engineering and Electrotechnology. It’s a sector that’s always advancing, so take the opportunity to build a brighter future for yourself and the planet.

You’ll learn with specialist simulators, industry-standard software and a range of renewable-energy training facilities. You might even work on our mini-hydroelectric system or wind-powered generator. Our learning environments are as industry-realistic as possible. TAFE NSW study can lead you to a wide range of industries including aviation, construction, manufacturing or robotics. Whatever you do, you’ll be hands-on, work with different technologies, and have different challenges and rewards every day.

WHY CHOOSE TAFE NSW?

Strong industry connections. Associate membership of Engineers Australia may be available to advanced diploma graduates who complete work experience. Evolving industry partnerships always keep training relevant and up-to-date.

Job-ready and sustainable focus. From sustainable technologies to communication and CAD skills, your learning is always focused on what is needed in tomorrow’s workplace.

Pathways to degrees. Your diploma or advanced diploma may be recognised as credit towards a Bachelor of Engineering.

Study an associate degree. Study the TAFE NSW Associate Degree of Applied Engineering (Renewable Energy Technologies) and become a renewable energy specialist.

State-of-the-art facilities. Our workshops and studios are set up just like you’ll find in your career, with fabrication workshops, CAD studios, 3D printers and fully equipped labs.

WELL-PAID JOB

An average weekly wage for a full-time Engineering Manager is $2,355

LIBRARY AND INFORMATION SERVICES

People have always collected, catalogued and treasured information and data. In today’s digital, information-rich world, Library and Information Services professionals play an increasingly vital role by ensuring equal access to resources, providing spaces for people to connect and share information, and instilling a love of learning.

Sharing knowledge makes us all grow together. Studying Library and Information Services can lead to a career in both the public and private sectors, including business, media, government, museums, galleries and in education institutions.

TAFE NSW teachers and staff have specialist experience across a range of library operations including cataloguing, database management, digitisation, web design, collection development, and reader advisory and reference services. Our industry-placement options are supported by hundreds of libraries and facilities so you can put your learning into practice.

WHY CHOOSE TAFE NSW?

Opens career doors. Supported by hundreds of NSW libraries our industry placement options help you put your learning into practice. Many of our work placements lead students into full-time work.

Recognised and respected. TAFE NSW has built its reputation on delivering trusted, industry aligned and nationally accredited courses.

Strong industry connections. Our industry-experienced teachers deliver qualifications in line with current and emerging library and information science practices, including our diploma which is accredited by the Australian Library and Information Association (ALIA).

Pathways to degrees. You may be able to fast-track your library or information services studies and gain credit towards a degree at Charles Sturt University, UTS or Australian Catholic University.

LOGISTICS AND WAREHOUSING

Ensuring the right thing is in the right place at the right time is big business. Logistics is an integral part of Australia’s supply chain and an important driver of economic growth, employing more than 1.2 million people across warehousing, logistics, storage, handling and distribution.

In the digital age, this growth industry continues to respond to challenges to increase efficiency, from small business to iconic retailers to large-scale manufacturers and everything in between. Coordinated logistics, supply-chain management and warehousing solutions are integral to any organisation trying to reduce costs and run as efficiently as possible. Get your career moving with a course in Logistics and Warehousing. Roles for TAFE NSW graduates include logistics manager, operations manager, customs broker, warehouse manager and storeperson. This sector includes a wide range of opportunities because it embraces every other sector and organisation you can imagine. You could have a career in the public sector – including customs – or in the private sector in importing and exporting, wholesaling or transportation.

FULL-TIME OPPORTUNITIES

Supply and Distribution Managers have a very high proportion of full-time jobs.
