

ELECTROTECHNOLOGY COURSES

Electrical trades and electronics influence almost every aspect of daily life. The digital age is creating an unprecedented demand for electricians specialising in telecommunications, instrumentation, security and electronic control systems, and information technology. Studying at TAFE NSW means you'll always work closely with technology, to maintain, repair and create custom solutions. You can even connect your studies to a Degree, or study the TAFE NSW Associate Degree of Applied Engineering (Renewable Energy Technologies).

“My TAFE NSW training has been the cornerstone to gaining a job and embarking on a rewarding and successful career path in sheetmetal manufacturing.”

MICHAEL, CERTIFICATE III IN ENGINEERING (LIGHT FABRICATION)

IS IT RIGHT FOR YOU?

- Do you enjoy getting technical?
- Do you like detailed work and using your hands?
- Do you want to maintain, repair and create custom solutions?
- Are you good at maths?

COURSES WE OFFER INCLUDE:

- Instrumentation
- Electrical Fitting
- Electrical trades
- Electronics
- Power Systems

CAREER OPPORTUNITIES

- Electrician (Licensed)
- Instrumentation and Control Technician
- Electronics and Communications Technician
- Electrical Fitter
- Machine Repair Tradesperson
- Switchgear and Control Gear Tradesperson
- Security System Installer

BASIC SKILLS TO TOPNOTCH CAREERS

Certificate III in Electrotechnology Electrician (available as an apprenticeship) (UEE30811)

A career as an Electrician or Electrical Mechanic

Diploma of Electrical Engineering (UEE50411)

Engineering Technologist or a range of related electrical engineering careers

TAFE NSW Associate Degree of Applied Engineering (Renewable Energy Technologies) (HE20502)

Specialist and Engineer careers in renewable and sustainable energy

TAFE NSW Bachelor of Business (HE20514)

Take your career to a higher level. This Degree allows you to fine tune commerce and management skills to your sector.

 COURSE ALSO DELIVERED ONLINE AT [TAFEDIGITAL.EDU.AU](https://www.tafedigital.edu.au)

THERE ARE 130 TAFE NSW LOCATIONS AROUND THE STATE - VISIT [TAFENSW.EDU.AU](https://www.tafensw.edu.au) TO SEE WHERE YOUR COURSE IS OFFERED.

WHY CHOOSE TAFE NSW?

Strong industry connections. Associate membership of Engineers Australia may be available to Advanced Diploma graduates who complete work experience. Evolving industry partnerships always keep training relevant and up-to-date.

Job-ready and sustainable focus. From sustainable technologies to communication and CAD skills, your learning is always focused on what is needed in tomorrow's workplace.

Pathways to degrees. Your diploma or advanced diploma may be recognised as credit towards a Bachelor of Engineering Degree.

Study an associate degree. Study the TAFE NSW Associate Degree of Applied Engineering (Renewable Energy Technologies) and become a renewable energy specialist.

State-of-the-art facilities. Our workshops and studios are set up just like you'll find in your career, with fabrication workshops, CAD studios, 3D printers and fully equipped labs.
