The most amazing part is the beautiful family environment that exists in TAFE NSW, which is exactly what international students are looking for, as we are abroad and alone when we arrive. The lectures are focused on communication and vocabulary building more than just grammar and this develops your English in a most productive way.

I'm really proud of myself and ELICOS had an important role in this achievement. Thanks for everything!

“

My agent recommended TAFE NSW English language centre to me because my IELTS score did not meet the requirements for the Bachelor of Early Childhood Education and Care (birth-5), which I study now. TAFE NSW has good facilities, the classrooms are roomy with smart boards, and in the TAFE NSW library, you can find professional information.

The teachers are very professional and patient. They supported me to blend into Sydney and helped me build the foundations for further study.

Zhengmei Fang (Jamie), China

“

I remembered my first session; it was so challenging for me. However, the teachers gave me very useful information about how I can best do my assignments, which gave me fantastic motivation. TAFE NSW also taught us good time management, high quality assignment skills, and were a positive influence on my further education.

My teachers are the loveliest people I have ever met in my life. I will never forget my wonderful days connected with TAFE NSW.

Zagd-Ayush Bat-Ochir (Sunny), Mongolia

“

I improved my English skills instantly, because the curriculum is very thorough and the teachers are excellent. It included writing skills, like how to write an essay and how to write the citations for the journal, as well as how essays can be improved for presentations.

I made so many good overseas friends, and now, I always chat with my friends in English.

Jinyong Kwon (Jin), Korea
