1. **Introduction**

The subject of this procedure is the assessment of the request for transfer of international students to or from TAFE NSW, before completing 6 months of their principle course of study.

2. **Purpose**

The purpose of this procedure is to support effective management of the assessment of international students’ requests for transfer to other registered providers from TAFE NSW or to TAFE NSW from other registered providers, in compliance with Educational Services for Overseas Students (ESOS) Act 2000, National Code 2018, Standard 7 and the ELICOS Standards 2018.

3. **Scope**

This procedure applies to international students on student visas, either enrolled in and Higher Education, VET and ELICOS courses at TAFE NSW or enrolled with another registered provider and who request transfer to or from TAFE NSW within the first 6 months of their principle course of study. The scope also includes TAFE NSW staff responsible for the assessment and management of the international students transfer requests.

4. **Procedure**

This procedure is based on TAFE NSW International Student Management Policy.

TAFE NSW International Unit will assess and process all applications for transfer.

4.1 **Accepting to enrol the international students transferring from other registered providers**

4.1.1 The principal course of study refers to the main course of study to be undertaken by an overseas student. Where there are multiple courses of study, or a pathway for study, the principal course of study would normally be the final course of study.

The first six months is calculated as six calendar months from the date an overseas student commences, or is expected to commence, their principal course. The transfer restriction applies to international students during all courses they undertake prior to the principal course.

TAFE NSW International Student Unit will not accept to enrol an international student seeking to transfer from another registered provider’s course prior to the international student completing six months of their principal course, except where any of the following circumstances apply in accordance with Standard 7.1, National Code 2018:

a. the releasing registered provider, or the course in which the overseas student is enrolled, has ceased to be registered
b. the releasing registered provider has had a sanction imposed on its registration by the ESOS agency, that prevents the overseas student from continuing their course at that registered provider

c. the releasing registered provider has agreed to the overseas student’s release and recorded the date of effect and reason for release in PRISMS

d. any government sponsor of the overseas student considers the change to be in the overseas student’s best interests and has provided written support for the change

4.1.2 After completing the first six calendar months of the principal course, an overseas student can transfer to TAFE NSW from another registered provider without needing to meet one of these conditions.

4.1.3 The international student seeking to transfer to TAFE NSW from another registered provider must provide a written request for transfer to TAFE NSW International Student Unit and a Release from their current registered provider processed in PRISMS. International Student Unit will assess the request and issue a Letter of offer for enrolment at TAFE NSW, if transfer is granted.

4.1.4 If the international student is under 18 years of age:

a. TAFE NSW, as a receiving provider, must have a written confirmation that the international student’s parent or legal guardian supports the transfer

b. TAFE NSW, as a receiving provider, will confirm it accepts responsibility for approving the student’s accommodation, support and general welfare arrangements in accordance with National Code, Standard 5

c. TAFE NSW as a receiving provider must check that:

   i. The student has welfare arrangements approved by another registered provider, negotiate the transfer date for welfare arrangements with the releasing registered provider to ensure there is no gap in providing welfare for the student

   ii. TAFE NSW will inform the student of their visa obligation to maintain their current welfare arrangements until the transfer date or have alternate welfare arrangements approved or return to their home country until the new approved welfare arrangements take effect.

   iii. Transfer of provider will not be approved if the student’s offer at another provider is for a course offered in TAFE NSW.

4.2 Granting an international student’s request to transfer from TAFE NSW to another registered provider

4.2.1 During the first six months of the international student’s principal course at TAFE NSW

b. The transfer of an international student from TAFE NSW to another registered provider will only be granted before they have completed the first six months of their principal course if the transfer is deemed in the student’s best interest due to any of the following circumstances:

1. the overseas student will be reported because they are unable to achieve satisfactory course progress at the level they are studying, even after engaging with TAFE NSW Intervention Strategy to assist the overseas student, in accordance with National Code, Standard 8
2. there is documented evidence of compassionate or compelling circumstances such as:
   - serious illness or injury, documented by a medical certificate stating that the student was unable to attend classes due to a medical condition

   - witnessing or being the victim of a serious crime, and this has impacted on the international student, as documented by official, police or psychologists’ reports

4. TAFE NSW fails to deliver the course as outlined in the written agreement between TAFE NSW and the international student.
5. there is documented evidence that the overseas student’s reasonable expectations about their current course are not being met

7. an appeal (internal or external) on another matter results in a decision or recommendation to release the overseas student.

4.2.2 After completing the first six months of the principal course, TAFE NSW International Students Unit will process international student’s request for transfer to another registered provider. After 6 months student will not require TAFE NSW approval however best practice will involve citing a new offer from the provider. In these circumstances international student should be counselled on their obligation to continue to meet their visa conditions and advised to contact the Department of Home Affairs.

- TAFE NSW, as a current provider, must have written confirmation that the international student’s parent or legal guardian supports the transfer
- TAFE NSW, as a current provider, will confirm that the receiving provider accepts responsibility for approving the student’s accommodation, support and general welfare arrangements in accordance with National Code, Standard 5, before TAFE NSW issues a release letter
- The student has welfare arrangements approved by TAFE NSW; TAFE NSW will negotiate the transfer date for welfare arrangements with the receiving registered provider to ensure there is no gap in providing welfare for the student.
• TAFE NSW will inform the student of their visa obligation to maintain their current welfare arrangements until the transfer date or have alternate welfare arrangements approved or return to their home country until the new approved welfare arrangements take effect.
