# WHO WE ARE

TAFE NSW is the NSW Government's public provider of vocational education and training (VET) and is the leading provider of VET in Australia. Each year, hundreds of thousands of students enrol in our courses and training. We aim to skill the workforce for the future through high quality, personalised education and training.

We have over 130 years of history, and our courses and facilities are internationally-renowned.

Our courses and degrees help put people on the path to where they want to be. With over 25,000\* employer connections, our graduates can be assured that their qualifications are well regarded.

TAFE NSW has over 130 locations in New South Wales and a wide variety of classroom and online delivery study options to suit all lifestyles, aspirations and individual circumstances.

Our state-of-the-art facilities and modern campuses mean we offer some of the best vocational education to ensure our students are job-ready. Depending on the course and location, students could take advantage of the TAFE NSW libraries, laboratories, hair and beauty salons, training restaurants that are open to diners, arts and photography studios, and so much more.

Our internationally recognised courses are accredited under the Australian Qualifications Framework and are highly regarded by industry and employers. We design and deliver customised training programs and services, for major government and commercial clients in Australia and overseas.

## Online Courses for Overseas Learners

- TAFE Digital is part of TAFE NSW, the largest online education provider in Australia. We are innovators in the digital era, breaking new ground in online learning to provide students with superior knowledge and skills to get the job they want.
- TAFE Digital offers a wide range of nationally recognised, online study options, across a range of modern industries. Students can study online and enjoy flexible learning to fit their lifestyle, with our online short courses, certificates, diplomas, and degrees.
- No matter where in the world students are physically located, TAFE Digital provides access to high-quality online training so students can gain a nationally recognised qualification in their area of interest.

## Global Engagement

Our international partnerships and relationships are integral to fulfilling our vision of delivering education and training that changes lives. We do this through collaborative partnerships with institutions around the world, the international exchange of students and ideas, on-shore and off-shore delivery of training courses or participation in networks with common goals.

TAFE NSW offers training across a number of areas including:

- **Agribusiness**
- **Creative and Design Ideation**
- **Nursing and Allied Health**
- **Community Services**
- **Early Childhood Education**
- **Construction**
- **Innovative Manufacturing, Robotics and Science**
- **Supply Chain and eCommerce**
- **Business (Business and Communications, Finance, Leadership and Management)**
- **Information Technology**
- **Hospitality, Tourism and Travel**
- **Hairdressing and Beauty**

## OUR PRODUCTS

### Masterclasses

TAFE NSW masterclass training actively engages and involves participants in their learning, through the use of roleplay, case studies, group work, and skills practice. Masterclasses can be delivered via connected platforms or in person, and at the completion of each masterclass, participants will receive a TAFE NSW certificate and transcript of study.

Lessons can be delivered with the support of an interpreter and bilingual materials, according to a student's training needs, and academic or industry prerequisites for masterclasses can vary.

### Early Childhood Education and Care

This range of specialised, five-day early childhood education and care masterclasses will address the growing demand for reform and standardisation. These masterclasses are arranged so that students can choose from 14 specific areas of early childhood education and care, to suit their business or educational needs.

DURATION	MASTERCLASS	PURPOSE
5-day	<b>Australian approaches to early childhood education</b>	The foundations of early childhood education in Australia, to establish a framework of best practice.
5-day	<b>Early childhood development and education practice</b>	Facilitating childhood development, by making observations and planning key experiences.
5-day	<b>Babies and toddlers</b>	Key principles and philosophies of the five main areas in early childhood education.
5-day	<b>Child development 0 to 6 months</b>	Age-appropriate development and learning optimisation for children aged 0 to 6 months.
5-day	<b>Child development 6 to 12 months</b>	Age-appropriate progressive development and the next stages of learning for children aged 6 to 12 months.
5-day	<b>Child development 12 to 24 months</b>	Age-appropriate development and learning milestones for 12 to 24 months.
5-day	<b>Child development 24 to 36 months</b>	Age-appropriate development and practical interactions for children aged 24 to 36 months.
5-day	<b>Early childhood development</b>	Planning and developing strategies to holistically develop the five main areas of early childhood development.
5-day	<b>Play as learning</b>	How play-based approaches can be planned and taught, to support and extend a child's learning and development.
5-day	<b>Play spaces</b>	Consideration for indoor and outdoor play spaces, that are inclusive and promote competency and independence.
5-day	<b>Partnerships with families</b>	Creating effective communication strategies with families, to support child development.
5-day	<b>Working with the 0-5 year old brain</b>	STEM learning and developing children's thinking and problem-solving skills.
5-day	<b>Observation in the programming and review cycle</b>	The range of ways to observe children and effective techniques for planning and documenting experiences.
5-day	<b>High quality early childhood education in Australia</b>	Exploring the National Quality Framework and what it means for early childhood service providers.

## Health and Aged Care

Australia has an increasingly aging population, and this masterclass will provide students with an essential introduction into contemporary best practices for the thriving aged care industry.

DURATION	MASTERCLASS	PURPOSE
5-day	<b>Orientation to aged care practice and skills</b>	Promoting positive aging, wellbeing, and the concept of 'person-centred care'.
3-day	<b>Caring for a person with dementia</b>	Understanding dementia and how to provide effective care.
3-day	<b>Working with a person with a disability</b>	Maximising independence, restorative care, and rehabilitation through a positive and active approach to individual abilities.
3-day	<b>Promoting wellbeing</b>	Strategies to support psychological, physical, and social engagement for an aging population.
5-day	<b>Assist with health issues - Diabetes</b>	Understanding and supporting chronic health conditions and the multi-disciplinary approach to diabetes management.
5-day	<b>Assist with daily living</b>	Nutrition and effective self-care techniques for the older person.
5-day	<b>Communicating with the older person and family</b>	Effective communication techniques to promote a consultative and collaborative care program with families.
3-day	<b>Caring for the person at end stage of life</b>	Providing a holistic and supportive service at the end of a person's life.

## Professional Development

These masterclasses are customised to the needs of your workforce and can be delivered within the workplace as a cost-effective and time-efficient, professional development solution. TAFE NSW can deliver professional development training tailored to the needs of your organisation.

DURATION	MASTERCLASS	PURPOSE
5-day	<b>Leadership and management</b>	Effective leadership techniques and personal skills for decision makers.
5-day	<b>Online and blended delivery</b>	Essential skills for building relationships and delivering training via connected delivery platforms.
10-day	<b>Capability development for VET teachers</b>	Two, five-day programs developing competency-based teaching and assessment skills for teachers.

## International Skills Training (IST) courses

As a licensed provider of IST courses, TAFE NSW can provide you with training, tailored for flexible offshore delivery. Our IST courses are delivered with an international context and support the training of an international workforce, by assisting other countries in growing their skills capacity.

**VET Trainer Course (3 units)**

**VET Assessor Course (4 units)**

**VET Advanced Trainer and Assessor Course (5 units)**

## Study Tour Programs

### Three-day TAFE NSW VET online taster program

Our three-day, online course showcases the excellent delivery TAFE NSW provides for all vocational education and training (VET). Over each of the three days, the program consists of two, 2-hour sessions, totalling 12 hours in all. The course teaches the Australian context of all the industry sectors represented.

Sample course area programs include:

- **early childhood education and care**
- **individual support and aged care**
- **hospitality management in Australia**
- **catering services and commercial cookery**
- **Australian red wines**
- **introduction to property valuation.**

## Online or in person specialised English program

The TAFE NSW English Language Centre delivers intensive online English programs, allowing students to achieve course outcomes, while improving their proficiency levels within their focused VET subject. Students can choose any VET focus area, including hospitality management, aged care, nursing, welding, and many more.

Sample week overview: (based on a 12-hour delivery schedule)

LESSON	SUBJECT
A	<b>Grammar, vocabulary, listening.</b>
B	<b>Grammar, vocabulary, reading.</b>
C	<b>Functional language - Speaking.</b>
D	<b>Functional language - Speaking.</b>

Students will also be required to complete tasks outside live sessions, through collaborative tasks and self-directed study.

## LET'S COLLABORATE

### Be committed

We are a high performing organisation with engaged, professional people. We are committed to delivering world-class training, building strong industry networks and work-ready graduates.

### Be customer centric

At TAFE NSW, the customer is at the centre of everything we do. We take pride in exceeding customer expectations, and as our partner, we will provide you with quality, timely, and professional services.

### Be relevant

Evolution takes place, fast. We know it's crucial to provide up-to-date, relevant skills that ensure our students are ready for a career. Let us share our expertise and experience with you.

### Be dynamic

Our team of analysts keep developing new, innovative products and pathways plus provide insights into changing employment patterns and market demands. This allows us to remain agile and dynamic, while meeting the local and global skills demands.

## GLOBAL EDUCATION PARTNERSHIPS

TAFE NSW delivers Australian vocational and education training courses to over 3,000 students worldwide, through our network of global education partners. We specialise in developing joint programs and education pathway partnerships, including industry training.

Our global education partnerships include:

### Fiji National University, Fiji

[www.fnu.ac.fj](http://www.fnu.ac.fj)

Fiji National University (FNU) is the largest and first national university in Fiji. With more than 1,600 staff, FNU specialises in technical and vocational training, with a focus on qualifications for real jobs, while providing pathways to higher qualifications.

TAFE NSW has been in partnership with the Fiji National Training and Productivity Centre (NTPC), now part of FNU, since 1998, offering a variety of Australian equivalent courses across various campuses, including qualifications in Business, Information Technology, Tourism and Hospitality.

### Global Academy of Tourism & Hospitality Education (GATE), Nepal

[gate.edu.np](http://gate.edu.np)

GATE is an award-winning Tourism and Hospitality academy in Kathmandu, Nepal. TAFE NSW is proud to have been partnering with them since 2015, via a benchmarking and recognition program for the Certificate III in Commercial Cookery (SIT30816).

### INTI International College Penang, Malaysia

[newinti.edu.my/campuses/inti-international-college-penang](http://newinti.edu.my/campuses/inti-international-college-penang)

TAFE Digital is proud of its 15 year relationship with INTI International College. This partnership provides a cooperative distance delivery program of the TAFE NSW Accounting qualifications to Malaysian students, who can then pathway to further university study in both Malaysia and Australia. Training resources are customised for use in the INTI classrooms in Penang, and TAFE Digital teachers visit Malaysia regularly to provide ongoing support and quality assurance of program delivery.

## GUANGDONG INDUSTRY POLYTECHNIC (GDIP), CHINA

[gdqy.edu.cn](http://gdqy.edu.cn)

The GDIP was founded in 1933 and is a higher education institution under the Guangdong Provincial Government, that has trained more than 40,000 students since its opening. Currently, there are 8,000 enrolled students living on campus, as well as 500 faculty and staff members, 80 of whom are professors and associate professors.

The GDIP, in partnership with TAFE NSW, offer the Certificate IV in Business (BSB40215), the Diploma of International Business (BSB50815), and the Advanced Diploma of Management (BSB60915).

## Ningbo City College of Vocational Technology/ Ningbo Foreign Affairs School, China

[www.nbcc.cn](http://www.nbcc.cn)    [www.nbfas.cn](http://www.nbfas.cn)

Since 2011, TAFE NSW has partnered with Ningbo City College of Vocational Technology (NCC) and Ningbo Foreign Affairs School (NBFAS) to jointly deliver pathway programs in English language studies and vocational qualifications. Successful students graduate with English language proficiency and Advanced Diploma qualifications, which pathway with advanced standing into Australian universities that recognise TAFE NSW qualifications.

Professional development opportunities for teaching staff from Australia and China has facilitated the exchange of training methodologies, and successful collaboration on course design.

I was honoured to have the chance to study at TAFE NSW for five years. During my time there, I experienced the integration of Chinese and western education firsthand. As a commissary in charge of studies, I learned how to communicate with foreign teachers, how to work in teams effectively with my classmates, as well as how to reach my entrepreneurial potential. After five years' study at TAFE NSW, we can either choose to study abroad or take part in college entrance examination to get a bachelor degree.

Wang Yong, graduate of the TAFE NSW Advanced Diploma of Marketing and Communications partnership program at Ningbo Foreign Affairs School, Ningbo, China.

## GLOBAL INDUSTRY PARTNERSHIPS

TAFE NSW works closely with global industry partners, to deliver customised training that enhances productivity and success. From small businesses to multinational corporations and government agencies, TAFE NSW can provide quality training for the whole workforce, from operational staff to senior management.

Our international industry partnerships include:

### Ghana

**Council for Technical and Vocational Education and Training (COTVET) and University of Education, Winneba**  
Certificate IV in Training and Assessment (TAE40116).

### India

#### **Odisha Rural Development and Marketing Society (ORMAS)**

Communicating in the Training Environment (AEDEL102A), combined with two weeks of in person training in the hospitality and nursing sectors.

#### **Maharashtra State Board of Technical Education**

Competency-based training for teachers who design and implement diploma and post diploma programs, across the 19 affiliate institutes.

### Indonesia

#### **PT Multistrada Arah Sarana Tbk (MASA)**

Training in financial analysis for managers.

### People's Republic of China

#### **Shanghai Municipal Education Commission (SMEC)**

China-Australia Cooperative 0-3 Years Old Early Childhood Education Project, enhancing course development, optimising the training framework and improving industry competency in the early childhood education and care sector in partnership with Shanghai AXGZ Education Training Co. Ltd.

### South Korea

#### **Korea Polytechnics**

TAE & Competency-based Assessment Masterclasses delivered to Korean VET teachers in Sydney and in Seoul.

## STUDY TOURS

TAFE NSW can offer customised study tours for a wide range of subject areas. They can include any combination of English language and subject-specific classes, company and industry visits, or cultural site visits.

TAFE NSW has a thorough understanding of the needs of different groups and will work closely with you to tailor a program to suit your specific requirements. English classes can be integrated into our regular classes with other international students. All programs include a comprehensive orientation session and access to our student support facilities.

Study tours help students develop a deeper understanding of their respective industries from a global perspective, and the cultural experience leads to personal growth.

A sample of our study tours:

### USA

#### Gateway Technical College

Nine days of VET tasters in accounting and business, communication services, vet nursing, nursing, and electrical engineering.

### Denmark

#### IBC International Business College

6-week pathway to further education study program.

#### Aalborg Technical High School

12-week pathway to further education study program.

### Japan

#### Kintetsu International Express

English language and pharmacy study tour.

#### Nissan Yokohama Automotive College

Automotive practical experience.

### People's Republic of China

#### Jiangsu Agri-Animal Husbandry Vocational College

12-week English and veterinary nursing program.

#### Guangdong Polytechnic of Water Resources and Electric Engineering

Two-week VET teacher professional development program in civil engineering.

### South Korea

#### Busan Education Office

Nine-week English and vocational study program, followed by a three-week internship placement.

#### Korea Polytechnics

TAE and competency-based assessment masterclasses, delivered to Korean VET teachers, in Sydney and in Seoul.

#### Korean Council for University College Education (KCCE)

Global internship program, eight-week English and hospitality course.

“

The focus of the masterclass was to provide an introduction to aged care practice and skills. The topics included current trends in aged care, safety practices in the workplace, health issues for older people and their management, and the roles and responsibilities of an aged care worker.

Jennifer Tavaalo, Nursing Teacher at TAFE NSW
