Information - Enrolment Adjustment – Credit – Previous studies

Student Instructions

- **ASK** your Head Teacher/Teacher for details of credit transfer arrangements and **IDENTIFY** the unit(s) in your course that match your previous study.
- **COMPLETE** Section 1 of this form.
- In **Section 2**, place a **TICK** in the box, **LIST** the units which you are claiming credit for and **ATTACH** a Transcript of previous TAFE NSW study or from other providers. To support a Credit Transfer application TAFE NSW will request verification of a Transcript of Academic Record with the issuing Provider. A printed USI transcript can only be accepted where you give permission via your USI account to share it electronically with TAFE NSW for the purpose of verification. SIGN and DATE the form.
- **ENTER** the appropriate previous provider code into the relevant column (see Key for Previous Provider Code) and the details of previous study.

If you have previously studied at another TAFE NSW Registered Training Organisation, your Transcript of Academic Record will indicate unit(s) which have been achieved either by transferring your result from previous TAFE NSW study or where this is not applicable your record will indicate a result “BY ADVANCED STANDING” or “CREDIT TRANSFER”.

TAFE NSW may recognise up to 100% of a course by transferring credit from previous study at TAFE NSW and 80% of a course by transferring previous study outside TAFE NSW.

Course fees with a Credit Transfer

Credit Transfer may reduce a course fee and/or course duration in some circumstances.

- Eligibility for a reduced fee may depend on domestic or international status and the fee structure of any subsidised/commercial training.
- Completing 100% of a course with credit transfer, at minimum a \$250 administration fee will apply. (This fee is subject to change.)

Student Privacy

Information collected by TAFE NSW (the New South Wales TAFE Commission) during a student’s enrolment and attendance will be used for the purposes of student record administration, identification, communication, state and national reporting, program monitoring, evaluation and surveys.
