Section 2: Course Admission Requirements

Before completing Section 2, make sure that you meet the entry requirements for the course. These can be found at www.tafensw.edu.au/degrees If you do not meet the entry requirements, contact the course coordinator to see if you can be considered for special admission.

Part A – Your previous education and training

This part relates to the level of education you have completed, whether in Australia or elsewhere. Answer the following questions providing the information as requested. You must attach certified copies of academic transcripts as evidence of your educational achievement. If your transcripts are in a language other than English, you must provide certified translations.

- A1. You must have completed one of the following to be eligible for entry. Indicate which of the following qualifications you have by ticking the relevant box.

NSW HSC or equivalent. You will need to attach a certified copy of your HSC to your application.

Note: You must have completed Extension Maths or 2 Unit HSC Mathematics with a Band 5 result or higher to be able to enter this course. If you do not have this level of HSC Maths you may be required to complete the Statement of Attainment in Preparing for Mathematics and Science for Further Study at your own expense in order to meet the entry requirements for this course. Contact the course coordinator if you do not have Band 5 or higher 2 Unit HSC Mathematics or Extension Maths.

Recognised Tertiary Preparation Certificate or equivalent. You will need to attach a certified copy of your TPC to your application. If you are currently completing your TPC, attach a copy of your most recent transcript.

Qualification from a Registered Training Organisation at Certificate IV level or higher. You will need to attach a certified copy of your certificate to your application. If you are currently completing your certificate, attach a copy of your most recent transcript.

At least one year full time equivalent of a higher education qualification. You will need to attach a certified copy of your latest transcript of academic record.

If you do not meet any of the above requirements, are you seeking entry into this course based on mature age (over 21) or disadvantage? If so, contact the course coordinator for details of evidence that you should attach to your application.

- A2. Have you worked or completed any studies relevant to the field of engineering or renewable energy? If so, you may be eligible for recognition of prior learning (RPL). Provide details of your work or studies in the space below, or provide information on a separate sheet. You should include where and when you worked or completed your studies and attach certified copies of any relevant documentation.

Supporting your learning.

If relevant, on a separate sheet provide any additional information that will assist TAFE NSW to support you in your learning, should you be successful in gaining entry into this course.

Name of Applicant:

Campus Preference

Number the campuses that you are prepared to study at in order of preference. TAFE NSW will endeavour to offer you a place at your first preference, however this will depend on the number of places available at your preferred campus and your ranking based on results of Parts A and B above. Do not number campuses if you do not wish to study there. If you list only one campus, you will not be offered a place at the other campus should you be unsuccessful in gaining a place at your preferred campus.
