Instructions for Enrolment Adjustment – Change of Personal Details

Student Name Changes

Where a student wishes to notify a change of first, other or family common usage name on their current student record, it is necessary to sight appropriate documentary evidence or receive a Statutory Declaration signed by the student.

For students over the age of 18, documentary evidence may take the form of a passport, driver's licence, Certificate of Marriage, Certificate of Divorce (decree nisi), or change of name certificate issued by the State Registry of Births, Deaths & Marriages office.

For students under the age of 18, the birth certificate of the student is required. Where a birth certificate cannot be provided, records should be in the name indicated in the alternate documentation relied upon to seek enrolment (e.g. statutory declaration, passport, immigration papers). It is under this name the student is officially enrolled.

If however, one of the following conditions apply, and Institute managers (or delegated officers) can enrol students under an alternate name or change existing records to indicate the new name:

- a signed consent from both parents indicating approval to use the new name is provided;
- a court order is provided authorising the use of the new name;
- a statutory declaration is provided by the enrolling parent indicating that the child has had no contact with the other parent and his or her whereabouts are unknown. While there is no specific legal requirement regarding a time period, it is considered advisable and in keeping with established practice to apply a five year time span for non-contact with the other parent;
- a birth certificate has been issued in the new name;
- proof of adoption is provided;
- the Department of Community Services is responsible for the care of the child and the Department indicates the use of a new name for the child is appropriate; or
- evidence is provided that the parent and/or any child are subject to witness protection or some other similar scheme designed to ensure their safety and the use of a new name for the child is necessary to maintain the safety and well-being of the parent and or child.

Documentary evidence is not required to correct data entry errors which may occur during the initial entry of a student first name, other name or family name enrolment information.

Unique Student Identifier (USI)

It is mandatory for all students who undertake and complete study in VET nationally accredited training from 1 January 2015 to obtain a USI.

The student will need to go into their USI Registry account to change their personal details held in the USI Registry. The USI Registry will require the student to provide a new form of ID with their new details.

Also ask the student to provide TAFE NSW with the permission to view their USI account to ensure consistency of records between TAFE NSW and the USI Registry. This can be done in their USI Registry account Permissions section.

You will need to assist/give the student your Institute's Registered Training Organisation Code and Organisation Name.

Apprenticeship/Traineeship Changes of Status

If there are changes to enrolment details which are part of an apprenticeship or traineeship the authorising officer must ensure they have sighted the apprenticeship or traineeship documentation.

Citizenship and Residency

Temporary Visa Holder are required to notify campus Temporary Visa Holder Officers of any change to their citizenship or residency temporary visa conditions using this form. Temporary visa holders, including holders of eVisas, must produce their passport or documentation showing their current valid visa to confirm their residency status and eligibility to study at TAFE NSW. Certified true copies of documents may be accepted. Students found to have made false claims regarding their residency status are liable to be excluded from TAFE NSW and may have legal action taken against them. Changes to temporary visa holder sub classes may affect applicable fees.
