### Notes:

1. Annual data are not comparable due to different business rules across years. Historical data prior to 2015 included separate 'co-enrolments' in Tutorial and Learner Support to provide additional assistance to disadvantaged students. From 2015 onwards, these services are provided as an individual learning plan for students and do not attract a 'co-enrolment'.

2. 2012 Final TAFE count are sourced from TAFE NSW as published in the TAFE NSW Statistical Compendium. These figures are not comparable with NCVER counting rules.

3. 2016 year to date data are sourced from TAFE NSW, as at 05/06/2016. Year to date data should be viewed with caution. Data may change after quarterly submission to NCVER. This count includes the count of all continuing enrolments.
