2. State Training Services data for apprenticeship commencements are as at December end where final year data is not available.
3. Apprenticeship commencements are based on State Training Services apprenticeship contract approvals.

### Notes:

- Course enrolment and completion data are sourced from NCVER VOCSTATS accessed on 9 September 2013.
- NCVER VOCSTATS final 2012 completion data is not available.
- AQF course enrolments and completions include Certificate I to IV, and Diploma and higher.
- NSW and National data excludes TAFE NSW for comparison purposes.
- The table data do not reflect the percentage of commencing students who complete their qualifications. However they do reflect the ratio of completions in any one year to the number of course enrolments. This means the percentages will be affected by changes in enrolments from year-to-year and the number of students who do not complete in the year in which they enrol.
