OVERVIEW

This course is designed specifically for beginners with no previous experience.

It covers the fundamentals of welding, heating and cutting ferrous metals, including:

- general safety
- basic welding, heating and thermal cutting using oxy acetylene equipment
- manual metal arc welding
- gas metal arc welding.

The program provides the opportunity for people to develop basic skills for their own private use or to enhance employability in any of the trade or maintenance areas.

For work health and safety reasons, participants are required to wear one-piece cotton drill overalls or cotton drill trousers and a long sleeve shirt, and steel capped boots.
