## Course Description

This qualification provides a general vocational outcome in landscape construction. The landscaping industry expects this qualification to be achieved to meet job outcomes at this level. No occupational licensing, legislative or certification requirements apply to this qualification at the time of publication.

## Entry Requirements

When you study with TAFE NSW, we want you to succeed. Entry requirements allow us to make sure that you have the right pre-existing knowledge and skills to achieve your chosen qualification. You will need to provide evidence that you meet the requirements listed in this section. There are no entry requirements for this qualification.

### ADDITIONAL REQUIREMENTS

With 130 locations across the state, TAFE NSW tailors qualifications to meet the needs of the local community and specific student groups (like apprentices, fast-tracked and online students). To make sure this course is the right fit for you, we may need you to demonstrate that you can meet any additional requirements. If this section is empty, there are no additional requirements for this course. To successfully complete this level of qualification it is recommended that you have completed Year 10 or similar. The course requires you to be able to calculate quantities using area and volume equations. You need to have a reasonable level of Language, Literacy and Numeracy skill and knowledge.

# Information Sessions and more about the course

It's all happening at TAFE NSW InfoFest. Register for an information session, head to [www.tafensw.edu.au/infofest](http://www.tafensw.edu.au/infofest). Can't attend the Information Session? [Enquire Online](#) or call 131601. We have no information sessions scheduled at this time. Please contact the TAFE NSW Contact Centre on 131601 for more information.

This offering is for Non-Apprentices.

To successfully complete this level of qualification it is recommended that you have completed Year 10 or similar. The course requires you to be able to calculate quantities using area and volume equations. You need to have a reasonable level of Language, Literacy and Numeracy skill and knowledge. You can expect to spend a further 5 hours per week completing unstructured learning in your own time.

We offer student services and study support to ensure you can achieve your goals. Learn about TAFE NSW [Student Services](#)

As a TAFE NSW student in this course, you will have access to:

- LinkedIn Learning (formerly Lynda.com)
- Studiosity - online access to a real life tutor
- Easy computing online short courses
- Access to local TAFE libraries

## Attendance

The delivery timetable applicable to this course is an 8 hour day, one day per week, face to face learning on campus for a duration of 2.5 years.

## Fee Details

### SMART AND SKILLED FEES

This course is government-subsidised, meaning you pay a portion of the full course fee to TAFE NSW and the NSW Government will pay the balance. However, you must meet certain eligibility criteria for this to apply.

Depending on your previous qualifications and experience, your fee may be less than the maximum fee quoted. Your actual fee and eligibility for concession/exemption will be calculated and confirmed during the enrolment process. Payment plans are available through TAFE NSW for Smart and Skilled eligible qualifications.

For further information about eligibility and explanations of the different fee categories, visit [Are You Eligible?](#)
