Course Description

Are you looking to delve into the world of design but need a solid foundation of guiding principles? The Certificate III in Design Fundamentals will give you design career foundations. There are a number of versions of this course which focus on different career areas. All versions of the course have core units that cover:

- Design processes
- Use of colour
- Creative design in 2D and 3D forms
- Source and apply design industry knowledge
- Understand the WHS process
- Produce drawings that communicate your creative ideas

In the location listing of the course, you can see the versions of the design disciplines you can focus on, and choose based on your interests and career goals. These might include:

GRAPHIC DESIGN. Get an introduction to the latest equipment and technology used to produce work in design as well covering the essential skills such as drawing, type usage and design group work

JEWELLERY DESIGN. Conceptualise, design and create original bespoke jewellery pieces using a range of materials and techniques

ILLUSTRATION. Develop a range of drawing skills using digital programs such as Illustrator as well as drawing using traditional techniques and materials

CERAMICS. Design and realise a body of ceramic work using basic skills using the latest ceramics

technologies, materials and processes

FASHION DESIGN. Gain strong foundational skills in fashion illustration, colour theory, technical production sketches, Computer Aided Design specific for fashion design, as well as some fashion industry knowledge

TEXTILE DESIGN AND PRINTING. Gain foundational skills in illustration, colour theory, design principles, fabric print design, Computer Aided Design specific for fabric print design, as well as some textile industry knowledge

MULTI-DISCIPLINE DESIGN. Learn a broad range of design skills such as computer aided drawing, illustration

DESIGN FOR THEATRE AND FILM. Learn about prop making and digital illustration.

Entry Requirements

When you study with TAFE NSW, we want you to succeed. Entry requirements allow us to make sure that you have the right pre-existing knowledge and skills to achieve your chosen qualification. You will need to provide evidence that you meet the requirements listed in this section

There are no formal entry requirements for this course.

It is assumed that you have literacy and numeracy at Certificate II level for success in this course.

Contact your TAFE NSW campus if you have any questions about your suitability.

ADDITIONAL REQUIREMENTS

With 130 locations across the state, TAFE NSW tailors qualifications to meet the needs of the local community and specific student groups (like apprentices, fast-tracked and online students). To make sure this course is the right fit for you, we may need you to demonstrate that you can meet any additional requirements. If this section is empty, there are no additional requirements for this course.

Information Sessions and more about the course

It's all happening at TAFE NSW InfoFest. Register for an information session, head to

www.tafensw.edu.au/infofest. Can't attend the Information Session? [Enquire Online](#) or call 131601

This course is intended to introduce design concepts to students who wish to undertake an introductory fashion design course. In addition to your classes on campus, you should expect to study between 12 to 22 hours per week. The exact amount will vary based on a number of factors including your previous study and experience.

MORE ABOUT THIS COURSE This course is intended to introduce design concepts to students who wish to undertake an introductory fashion design course. Typical applicants:

- those who have an interest in fashion design
- those wishing to re-introduce themselves into study
- early high school leavers (with RoSA)
- those wishing to progress into other design disciplines other than Graphic Design

You will learn about the history and theory of fashion design and the contemporary design industry. You will research, explore and experiment by producing drawings both by hand and computer and learn how to safely apply the design process to 2-dimensional and 3-dimensional work, based on a design brief.

You will learn to identify fabrics which will have practical outcomes for the fashion industry.

The course covers topics including design fashion research, concept development, exploration of the fashion design process, colour theory, drawing and presentation skills and design in 2-dimensional and 3-dimensional contexts and media. Please note material costs are involved in doing this course.

INFORMATION SESSION There are no Information Sessions scheduled at this time.? Please contact

campus for more information.
