Course Description

The Bachelor of Applied Commerce is a three year degree that prepares graduates for employment in the financial services sector. The course has been designed with input from the financial services industry ensuring that students are well placed to find jobs after graduation. You can choose either a financial planning major, an accounting major, or a double major. Subjects in management, marketing, law, economics and business statistics are included in both majors to ensure you have the full range of knowledge and skills required to work effectively in the fast paced and growing financial services industry. On completion of the Bachelor of Applied Commerce, graduates will be eligible to apply for membership with CPA, CA ANZ, TPB and FPA. The financial planning major meets the new FASEA education requirements. Further information about this course is available on the [TAFE NSW Degrees website](#)
