## Course Description

This qualification provides the skills and knowledge for an individual to be competent in a wide range of general information and communications technology (ICT) technical functions and to achieve a degree of self-sufficiency as an advanced ICT user.

Persons working at this level will support information technology activities in the workplace across a wide range of ICT areas, including: \*\* technical support, \*\* network administration, \*\* web technologies, \*\* software applications and \*\* digital media technologies.

Licensing/Regulatory Information No licensing, legislative or certification requirements apply to this qualification at the time of publication.

## Entry Requirements

When you study with TAFE NSW, we want you to succeed. Entry requirements allow us to make sure that you have the right pre-existing knowledge and skills to achieve your chosen qualification. You will need to provide evidence that you meet the requirements listed in this section

There are no formal Training Package entry requirements for this course.

### ADDITIONAL REQUIREMENTS

With 130 locations across the state, TAFE NSW tailors qualifications to meet the needs of the local community and specific student groups (like apprentices, fast-tracked and online students). To make sure this course is the right fit for you, we may need you to demonstrate that you can meet any

additional requirements. If this section is empty, there are no additional requirements for this course.

## Information Sessions and more about the course

It's all happening at TAFE NSW InfoFest. Register for an information session, head to [www.tafensw.edu.au/infofest](http://www.tafensw.edu.au/infofest). Can't attend the Information Session? [Enquire Online](#) or call 131601 ICT30115 - Certificate III in Information, Digital Media and Technology. This course will prepare you to commence work in the Information Technology industry. This course provides basic skills in computer hardware, software and system support which will enable you to provide first level computer support. Additional electives will include basic web design, photo editing and networking. Practical experience will be supplied by participating in the student run IT Helpdesk.

To complete this course within the given timeframe all learners will be required to work through a pre-planned schedule. Your teacher will provide you with a training plan/timetable on the first day of class. Students may participate in classes from other campuses via video conference and with local support - please contact your local campus for more information.

We offer student services and study support to ensure you can achieve your goals. Learn about TAFE NSW [Student Services](#)

As a TAFE NSW student in this course, you will have access to:

- LinkedIn Learning (formerly Lynda.com)
- Studiosity - online access to a real life tutor
- Easy computing online short courses
- Access to local TAFE libraries

## Attendance

Classes will take place every Tuesday and Wednesday 9.00am to 3.30pm for one semester. Classes will be held via Video Conference or Web Conferencing from Tamworth Campus, with regular on-site teacher support provided at other locations.

## Fee Details

### SMART AND SKILLED FEES

This course is government-subsidised, meaning you pay a portion of the full course fee to TAFE NSW and the NSW Government will pay the balance. However, you must meet certain eligibility criteria for this to apply.

Depending on your previous qualifications and experience, your fee may be less than the maximum fee quoted. Your actual fee and eligibility for concession/exemption will be calculated and confirmed during the enrolment process. Payment plans are available through TAFE NSW for Smart and Skilled eligible qualifications.

For further information about eligibility and explanations of the different fee categories, visit [Are You Eligible?](#)

### RECOGNITION

Recognition is a process of acknowledging previously completed qualifications, skills, knowledge or experience relevant to your course. This may reduce the amount of learning required, reduce your course fees and allow you to achieve your qualification faster.

## How to Enrol

Enrolments will open from 4 November 2019 for our February 2020 intake.

To find out more information on this course including the next start date, submit an online enquiry by clicking the **Enquire Now** button on this page, or call 131 601 during business hours\* to chat with a member of our friendly customer service team.

\*Our customer service team are available from Monday to Friday, 9am to 5pm AEST.

Enrolling with us is easy, though the exact process does depend on your course and any prerequisites that go with it.

Be sure to read your chosen course information carefully to make sure it is the right qualification, location and study type for you.

Enrol and pay online via our secure payment gateway to secure your place.

As you progress through the enrolment process you will be prompted to provide additional information.

If you are interested in studying as a Trainee or Apprentice please call 131 601 for full details.

## Units

BSBSUS401	Implement and monitor environmentally sustainable work practices
BSBWHS304	Participate effectively in WHS communication and consultation processes
ICTICT202	Work and communicate effectively in an ICT environment
ICTICT301	Create user documentation
ICTICT302	Install and optimise operating system software
ICTSAS301	Run standard diagnostic tests
BSBEBU401	Review and maintain a website
ICTICT203	Operate application software packages
ICTICT303	Connect internal hardware components
ICTICT304	Implement system software changes
ICTICT305	Identify and use current industry specific technologies
ICTICT306	Migrate to new technology
ICTICT307	Customise packaged software applications for clients
ICTICT308	Use advanced features of computer applications
ICTICT409	Develop macros and templates for clients using standard products
ICTNWK301	Provide network systems administration
ICTNWK302	Determine and action network problems
ICTNWK303	Configure and administer a network operating system
ICTNWK304	Administer network peripherals
ICTNWK305	Install and manage network protocols
ICTNWK419	Identify and use current virtualisation technologies
ICTPRG301	Apply introductory programming techniques
ICTSAS303	Care for computer hardware

ICTSAS304	Provide basic system administration
ICTSAS305	Provide ICT advice to clients
ICTSAS306	Maintain equipment and software
ICTSAS307	Install, configure and secure a small office or home office network
ICTWEB201	Use social media tools for collaboration and engagement
ICTWEB302	Build simple websites using commercial programs
ICTWEB303	Produce digital images for the web

## Career Opportunities

technical support, network administration, web technologies, software applications and digital media technologies.
