TRAINING

- **Traineeship Allowed**
- **On campus,  
Combination, Online**
- **Full Time, Part Time**

**OVERVIEW**

The nationally recognised Certificate III in Conservation and Ecosystem Management allows you to start your career as a bush regeneration or revegetation worker. You'll learn how to protect our natural environment by managing weeds, restoring bushland and supporting conservation projects.

**LEARN NEW SKILLS**

Through a mix of theory and practical coursework, learn to:

- Identify weeds and native plants
- Read maps and navigate
- Support biodiversity conservation
- Maintain natural areas
- Implement practices for revegetation
- Manage weeds and animal pests

**DEVELOP YOUR TALENT**

Develop the attributes to help you get ahead:

- An affinity for the natural world
- Strong communication skills
- The ability to work in teams and in solitary, remote conditions

## ACHIEVE YOUR GOALS

- A nationally recognised qualification at Certificate III level
- A strong pathway to continue your study and enhance your career opportunities

### Career opportunities:

- Bush regeneration worker
- Revegetation worker
- Land rehabilitation worker
- National Parks field officer
- Pest control officer
