CAREER OPPORTUNITIES

Community Coordinator (Conservation)
 Indigenous Land Management Supervisor
 Landcare Supervisor
 Lands, Parks and Wildlife Supervisor
 National Parks Worker
 Pest Control Supervisor (Feral Animals)

OVERVIEW

The nationally recognised Certificate IV in Conservation and Land Management will broaden your knowledge of natural systems and sustainable landscapes, as you develop plans to re-vegetate a degraded site, manage pests, monitor biodiversity and protect sites of cultural significance.

LEARN NEW SKILLS

Through theoretical and practical course work, you will learn to:

- Plan and implement re-vegetation works

- Supervise of natural area restoration works
- Plan pest management
- Monitor biodiversity and controlling weeds
- Manage seed collections
- Recommend plants and cultural practices
- Protect places of cultural significance

DEVELOP YOUR TALENT

Develop the personal attributes to get ahead in this industry:

- Empathy for the natural world
- Great communication skills
- Team work and collaboration skills
- Ability to be in solitary, remote and outdoor conditions

ACHIEVE YOUR GOALS

Completing this course will provide you with:

- A nationally accredited qualification at Certificate IV level
- Post-trade skills and knowledge to become a specialist in the industry

Career opportunities:

- National Parks field worker
- Landcare or weed management supervisor
- Senior conservation worker
- Lands, parks and wildlife supervisor
- Indigenous land management supervisor
- Pest control supervisor (feral animals)
- Community coordinator (conservation)
- Soil conservation specialist

GROW YOUR CAREER

Take your career to the next level with:

- Diploma of Conservation and Land Management

INDUSTRY DEMAND

With climate change arguably the greatest economic, social and environmental issue facing the planet, it is no wonder the UN has deemed the decade up to 2030 the Decade of Ecosystem Restoration. The Australian conservation sector offers opportunities for focus on Indigenous land management, restoration, as well as park and wildlife management.
