OVERVIEW

Build a career in automotive servicing with this foundation course.

This is a fully government-subsidised JobTrainer course. Eligibility criteria applies.

You will develop the skills and knowledge to perform a range of servicing operations on light and heavy vehicles and learn how to apply safe working practices to:

- The use of workplace tools and equipment
- Inspecting engines, transmissions, cooling, fuel, steering, suspension and braking systems
- Identifying automotive faults

On completion, you will be ready to seek an Apprenticeship in a wide range of automotive occupations including:

- Light or heavy vehicle mechanic
- Automotive electrician
- Diesel fitter
- Outdoor power equipment technician

You may also apply for roles as a Vehicle Service Assistant or an Automotive Parts Interpreter in an automotive service or repair business.

Talk to us today about the study options available to you.
