**QUALIFICATION**

Certificate III in Agricultural Mechanical Technology

**CAREER AREA**

Engineering

**TRAINING PACKAGE ENTRY REQUIREMENTS:**

TAFE NSW offers the Certificate III in Agricultural Mechanical Technology as either an apprenticeship or non-apprenticeship so you can create the career you want.

**Apprenticeship**

To be eligible for this course, you must:

- Be employed as an apprentice agricultural mechanic evidenced by a letter of support from your employer
- Submit your training plan proposal (TPP) with your application

**Non-apprenticeship**

There may be options available for you to study as a non-apprentice.

Enquire today and our Apprenticeship and Traineeship team will help you understand any eligibility or entry requirements that may apply.

**WORK PLACEMENT**

There is no work placement requirement for apprentices undertaking this qualification, as you will gain your experience on-the-job with your employer.

Non-apprentices will need to be in either relevant employment or have access to appropriate simulated workplace environments to complete the learning and assessment requirements.

**IS THIS COURSE RIGHT FOR YOU?**

To be prepared for this course, it is recommended that you have:

- Literacy and numeracy skills at a Year 10 high school level, or equivalent
- A keen interest in servicing, diagnosing and repairing agricultural machinery and equipment
- The ability to cope with busy agricultural periods such as harvesting, sowing, and spraying
- Good communication skills to liaise with your team and clients
- A reasonable fitness level to manage manual tasks

NATIONALLY RECOGNISED  
TRAINING

- **Apprenticeship  
Allowed**
- **Blended, Full Time,  
Part Time Day**

**OVERVIEW**

The nationally accredited Certificate III in Agricultural Mechanical Technology equips you with the tools you need to become an agricultural mechanic. Learn to repair a range of machinery and system faults while working in workshops, or on properties and stations across Australia.

**LEARN NEW SKILLS**

Through theory and practical course work, you will learn to:

- Confidently work with machinery such as heavy vehicles, mobile plant machinery and tractors
- Service, diagnose and repair a range of agricultural machinery
- Inspect engines and fuel injection systems
- Effectively communicate with clients and colleagues

## DEVELOP YOUR TALENT

Stand out in the job market by developing a range of key soft skills, including:

- The ability to work under pressure especially during peak periods of the agricultural year (harvest, sowing, spraying)
- Problem solving
- Self motivated and reliability
- Attention to detail

## ACHIEVE YOUR GOALS

Completing this course will provide you with:

- A nationally recognised qualification at Certificate III level
- Skills and knowledge to start your own repair business

## Career opportunities:

- Agricultural mechanical technician
- Workshop foreman
- Broadacre workshop supervisor
- Sole trader repairer

## GROW YOUR CAREER

Take your career to the next level with:

- Certificate IV in Heavy Diesel Mechanics (licensed trade)
- Certificate IV in Leadership and Management

## INDUSTRY DEMAND

The agricultural industry is one of the largest contributors to the Australian economy, and is forecast to generate \$305.0 billion in revenue, increasing 1.6% in the five years to 2023/24.
