QUALIFICATION

Certificate III in Marine Mechanical Technology

TRAINING PACKAGE ENTRY REQUIREMENTS:**ENTRY REQUIREMENTS**

TAFE NSW offers the Certificate III in Marine Mechanical Technology as an apprenticeship. There may also be options available for you to study as a non-apprentice.

Apprenticeship

To be eligible for this course, you must:

- Be employed as an apprentice in the mechanical industry as evidenced by a letter of support from your employer
- Submit your training plan proposal (TPP) with your application

Non-apprenticeship

Enquire today, and one of our Apprenticeship and Traineeship team will help you understand any eligibility or entry requirements that apply.

WORK PLACEMENT

There is no work placement requirement for this qualification. As an apprentice, you will gain your experience on-the-job with your employer.

If you are enrolling as a non-apprentice, you need to be in relevant employment or have access to appropriate simulated workplace environments in order to meet the course completion requirements.

IS THIS COURSE RIGHT FOR YOU?

To be prepared for this course, we recommend that you have:

- Literacy and numeracy skills at a Year 10 or equivalent level
- Keen interest in servicing, diagnosing and repairing marine mechanical technology
- Reasonable fitness to complete manual tasks
- Love of the outdoors and water as some repairs are completed on the water

If you need help preparing for study, contact us about your options.

NATIONALLY RECOGNISED
TRAINING

- **Apprenticeship
Allowed**
- **Combination**
- **Part Time**

OVERVIEW

The nationally accredited Certificate III in Marine Mechanical Technology equips you with the expertise to become a highly regarded marine mechanic. Gain the skills to work on a range of vessels from custom leisure boats to large commercial vessels in a variety of workshops and busy marina hubs.

LEARN NEW SKILLS

Through a mix of theory and practical coursework, learn to:

- Service, diagnose and repair leisure and commercial marine crafts

- Inspect inboard, outboard and jet propulsion systems
- Assess and repair electrical systems
