## OVERVIEW

Do you want to fine tune your skills as a potter or wheel thrower? The Diploma of Ceramics will give you the specialised technical, creative and conceptual skills to develop your own ceramics practice.

You will learn to plan, design and realise a body of ceramic work using in-depth skills, ceramics technologies, materials and processes.

You will explore:

- Art theory
- Art history
- Critical analysis of information from a range of sources
- Discourse around complex ideas

You will gain the skills to work in your own practice or in organisations that design and produce ceramic objects, such as specialist tile manufacturers or makers of landscape and gardening items.

Ceramic artists also often teach in the community.
