QUALIFICATION

Undergraduate Certificate in Renewable Energy Engineering

CAREER AREA

Engineering

TRAINING PACKAGE ENTRY REQUIREMENTS:

To be eligible for admission into this course you must have completed:

- NSW HSC or equivalent OR
- TPC or equivalent OR
- a Certificate IV qualification or higher in any field.

If you do not meet any of these entry requirements you may be eligible for admission based on mature age or disadvantage provisions.

■ Fee Help available**OVERVIEW**

The Undergraduate Certificate in Renewable Energy Engineering is a short course for people who wish to work in the renewable energy sector. The course requires the completion of four subjects covering principles of electrical engineering, energy storage systems and grid-connected photo-voltaic power systems.
