OVERVIEW

The Diploma of Website Development can help you banish bad websites forever and turn your passion for coding into an exciting career.

This is a fully government-subsidised JobTrainer course. Eligibility criteria applies.

This nationally recognised qualification has been designed to give you the know-how to work as an independent web developer or head an in-house team of designers and developers.

You will learn how to:

- Research a range of website technologies and trends (such as emerging technologies, social media and mobile/web applications).
- Build dynamic, must-visit websites (including e-commerce solutions, web pages, mobile applications and user interfaces).

When you study with TAFE NSW you benefit from our industry connections. We have partnered with renowned organisations such Cisco, Microsoft, SAP Australia, VMware and EMC to ensure you qualify with the skills employers need.

Plus, you will study in high-tech computer labs, including a pull-apart workshop for hardware testing, networking tasks and virus research and removal.

The Diploma in Website Development can lead to exciting careers as a:

- Web Developer
- Web Programmer
- Website Manager
- Webmaster
- Internet Developer
