OVERVIEW

Ready to advance your career in analysis and requirements gathering? The Advanced Diploma of Information Technology Business Analysis will give you the skills you need to analyse and redesign systems to meet future business needs.

This is a fully government-subsidised JobTrainer course. Eligibility criteria applies.

You will learn:

- Business analysis techniques
- Requirements definition
- Managing data
- IT risk management
- IT for business
- Business system design
- IT solutions
- IT project management
- Ethical software development
- How to contribute to copyright, ethics and privacy in an IT environment

Once you successfully complete the Advanced Diploma of Information Technology Business Analysis, you will be qualified to work as a Senior Business Analyst, Systems Analyst or Information Technology Analyst.

At TAFE NSW we understand that you may not be able to commit to full-time study, so we have developed a range of flexible modes for you to complete this course.
