QUALIFICATION

Diploma of Maritime Operations (Marine Engineering Class 3 Near Coastal)

CAREER AREA

Maritime

TRAINING PACKAGE ENTRY REQUIREMENTS:

There are no entry requirements for this qualification.

- Traineeship Allowed
- VET Student Loans Available
- Combination
- Full Time

CAREER OPPORTUNITIES

Working in the maritime industry as a Chief Engineer on vessels with propulsion power up to 3000 kW within the exclusive economic zone (EEZ).

OVERVIEW

Are you experienced in engineering and want to develop the skills to work on-board marine vessels? Do you want a career that enables you to travel the world? There are a wealth of opportunities to be found in the maritime industry.

With NSW employment options expected to dramatically increase in the next eight years, the TAFE NSW Diploma in Maritime Operations (Marine Engineering Class 3 Near Coastal) is your course of action.

Learn from TAFE NSW industry-leading, qualified and experienced teachers, and develop knowledge and skills in areas such as:

- Marine auxiliary boilers, equipment, control systems and automation
- Operating and maintaining diesel and electrical systems
- Survival and safety procedures in case of a fire or vessel abandonment

This level of qualification is currently cited as meeting some of the requirements for certification as an Engineer Class 3 Near Coastal as defined by the National Standard for Commercial Vessels (NSCV) Part D.

Certification will require achievement of the MAR50613 Diploma of Maritime Operations (Marine Engineering Class 3 Near Coastal), qualifying sea service and completed Australian Maritime Safety Authority (AMSA) approved task book or qualifying sea service or qualifying sea service and a workshop skill equivalent qualification, AMSA final assessment and an AMSA approved first aid certificate. People seeking certification should check with AMSA.

Certification will also require either MAR40513 Certificate IV in Maritime Operations (Marine Engine Driver Grade 1 Near Coastal) or a trade (as specified in NSCV Part D).

This course is often associated with skills and careers related to a coastal engineer, shipboard engineer, marine engineer and watchkeeper.

If you want to study maritime operations, a maritime course or explore a maritime training package, TAFE NSW is your education industry leader.
