QUALIFICATION

Certificate II in Aeroskills

CAREER AREA

Aviation and Aerospace

TRAINING PACKAGE ENTRY REQUIREMENTS:

There are no entry requirements for this qualification.

- **Traineeship Allowed**
- **Full Time, Part Time Evening**

OVERVIEW

Do you have excellent organisational and communication skills? Are you looking for a role that is technical in nature and offers a range of mobile work possibilities? You may wish to consider a career in aviation.

This is a fully government-subsidised JobTrainer course. Eligibility criteria applies.

The Certificate II in Aeroskills will give you the entry-level knowledge and skills for duties typically featured in aviation maintenance workshops.

Learn from our experienced, qualified teaching staff how to competently:

- Perform repair and overhaul tasks on a limited range of aircraft electrical, hydraulic, pneumatic, electro-hydraulic and electro-pneumatic components
- Perform simple repairs on a limited range of structural components

Graduates of this qualification have the opportunity to achieve credits towards the pursuit of higher level aeroskills certificates.

This qualification applies to workplaces that operate under the airworthiness regulatory systems of the Australian Defence Force (ADF) and the Civil Aviation Safety Authority (CASA). Any regulatory/licensing requirements associated with any MEA units of competency must be met.
