**QUALIFICATION**

Certificate IV in Aeroskills (Structures)

**CAREER AREA**

Aviation and Aerospace

**TRAINING PACKAGE ENTRY REQUIREMENTS:**

TAFE NSW offers the Certificate IV in Aeroskills (Structures) as either an apprenticeship or non-apprenticeship, so you can create the career you want.

**Apprenticeship**

To be eligible for this course, you must:

- Be employed as an apprentice in the aeroskills industry evidenced by a letter of support from your employer
- Submit your training plan proposal (TPP) with your application

**Non-apprenticeship**

To be eligible for a subsidised place in this course as a non-apprentice, you must:

- Secure work experience (details below) to meet the on-the-job component of your training

**WORK EXPERIENCE**

Work experience provides you with exposure to situations and circumstances that cannot be replicated in a learning or simulated environment.

Work experience is not mandatory for this qualification; however, this is a highly practical course.

NATIONALLY RECOGNISED  
TRAINING

- **Apprenticeship  
Allowed**
- **Part Time Day**

**OVERVIEW**

Are you ready to repair and modify aircraft structures? The Certificate IV in Aeroskills (Structures) is for those who have completed their Apprenticeship and are ready to take the next step in their career.

This nationally recognised qualification is designed for employees of Civil Aviation Maintenance Organisations (AMOs) or members of the Australian Defence Force (ADF).

You will learn how to:

- Interpret work health and safety practices in aviation maintenance
- Plan and organise aviation maintenance work activities
- Fabricate and/or repair aircraft mechanical components or parts
- Inspect aircraft structures, and more!

When you graduate, you will be able to perform work in hangars on the structure of complete aircraft and in workshops on structural components.

Please note: The training pathways provide for work on both metal and composite structures. In some cases, primarily in the General Aviation sector, individuals may be

also required to work on aircraft with wooden structures and/or fabric coverings. The applicable competencies are covered in the units MEA357 Inspect, test and repair aircraft fabric surfaces, MEA358 Re-cover aircraft fabric surfaces and MEA359 Inspect and repair aircraft wooden structures.

The qualification also provides credits towards the MEA50418 Diploma of Aviation Maintenance Management (Mechanical) and the MEA60218 Advanced Diploma of Aviation Maintenance Management (Mechanical). A limited number of credits are also provided towards the MEA50218 Diploma of Aeroskills (Mechanical).

This qualification applies to workplaces that operate under the airworthiness regulatory systems of the ADF and the Civil Aviation Safety Authority (CASA). Any regulatory/licensing requirements associated with any MEA units of competency must be met.

CAMPUS	STUDY MODE	START DATE	DURATION	FULL FEE	HOURS PER WEEK
Tamworth	Part Time Day	01 Feb 2021	3 Years	\$19,340.00	8.6
