QUALIFICATION

Certificate IV in Water Industry Treatment

CAREER AREA

Environment and Agriculture

TRAINING PACKAGE ENTRY REQUIREMENTS:

There are no entry requirements for this qualification

NATIONALLY RECOGNISED
TRAINING**■ Traineeship Allowed****OVERVIEW**

Are you interested in a job that requires scientific expertise, strong analytical and problem-solving skills and a commitment to workplace health and safety? Consider a career in environmental science within water treatment.

This is a fully government-subsidised JobTrainer course. Eligibility criteria applies.

TAFE NSW nationally recognised Certificate IV in Water Industry Treatment provides students with the competency to successfully treat a range of water types. You can also choose to specialise in drinking water or wastewater.

You will gain essential knowledge and skills, such as:

- Ensure compliance with water industry standards guidelines and legislation
- Coordinate and monitor the application of environmental plans and procedures

Graduates will be eligible to apply for public and private sector opportunities as a water treatment supervisor or water maintenance supervisor, to name a few.

Why not undertake a Traineeship in conjunction with your studies to fast-track your career?
