QUALIFICATION

Certificate III in Electrotechnology Electrician

TRAINING PACKAGE ENTRY REQUIREMENTS:**ENTRY REQUIREMENTS**

TAFE NSW offers the Certificate III in Electrotechnology Electrician as an apprenticeship. There may also be options available for you to study as a non-apprentice.

Apprenticeship

To be eligible for this course, you must:

- Be employed as an apprentice in the electrotechnology industry as evidenced by a letter of support from your employer
- Submit your Training Plan Proposal (TPP) with your application

Non-apprenticeship

There may be options available for you to study as a non-apprentice. Enquire today, and one of our Apprenticeship and Traineeship team will help you understand any eligibility or entry requirements.

WORK PLACEMENT

There is no work placement requirement for this qualification. As an apprentice, you will gain experience on-the-job with your employer.

If you are enrolling as a non-apprentice, you need to be in relevant employment or have access to appropriate simulated workplace environments to meet the course completion requirements.

NATIONALLY RECOGNISED
TRAINING

- **Apprenticeship Allowed**
- **On campus, Combination**
- **Part Time, Variable**

CAREER**OPPORTUNITIES**

General electrician,
electrical
tradesperson.

OVERVIEW

The nationally accredited Certificate III in Electrotechnology - Electrician will help light up your new career as a licensed electrician or electrical tradesperson. Learn to install, test and repair electrical systems and be equipped with skills needed to join this growing industry.

This is a fully government-subsidised JobTrainer course. Eligibility criteria applies.

LEARN NEW SKILLS

Through a mix of theory and practical course work, learn to:
