QUALIFICATION

Certificate III in Electrical Fitting

CAREER AREA

Electro Technology

TRAINING PACKAGE ENTRY REQUIREMENTS:

ENTRY REQUIREMENTS

TAFE NSW offers the Certificate III in Electrical Fitting as an apprenticeship. There may also be options available for you to study as a non-apprentice.

Apprenticeship

To be eligible for this course, you must:

- Be employed as an apprentice in the electrical industry as evidenced by a letter of support from your employer
- Submit your training plan proposal (TPP) with your application

Non-apprenticeship

Enquire today, and one of our Apprenticeship and Traineeship team will help you understand any eligibility or entry requirements that apply.

COURSE SUCCESS REQUIREMENTS

During your study, you will need to meet specific requirements that are necessary for you to complete your course work.

Your teacher will let you know when you need to provide evidence of:

- A general construction induction card (commonly known as a white card)

WORK PLACEMENT

There is no work placement requirement for this qualification. As an apprentice, you will gain your experience with your employer.

If you are enrolling as a non-apprentice, you need to be in relevant employment or have access to appropriate simulated workplace environments.

LICENSING REQUIREMENTS

A restricted electrical licence is mandatory for the performance of any disconnect/reconnect work in NSW.

Licensing regulations can vary between locations and industry sectors. Visit the (NSW Fair Trading)[<https://www.fairtrading.nsw.gov.au/trades-and-businesses/licensing-and-qualifications/electrical>] website for more information.
