QUALIFICATION

Diploma of Electrical Engineering

CAREER AREA

Electro Technology

TRAINING PACKAGE ENTRY REQUIREMENTS:**ENTRY REQUIREMENTS**

To be eligible for this course, you need to demonstrate the following:

- Successful completion of a Certificate III in Electrotechnology Electrician as evidenced by your transcript or certificate, or
- That you hold a current 'Unrestricted Electricians Licence' or its equivalent issued in an Australian state or territory, as evidenced by a copy of this licence.

- **Traineeship Allowed**
- **VET Student Loans Available**
- **On campus, Combination**
- **Part Time, Variable**

OVERVIEW

The nationally accredited Diploma of Electrical Engineering is designed for licensed electricians looking to take their knowledge and experience to the next level. Become a paraprofessional and be the conduit between professional engineers and hands-on tradespeople to get the job done well.

LEARN NEW SKILLS

Through a mix of theory and practical course work, learn to:

- Write specifications for electrotechnology engineering projects
- Implement and monitor energy sector OHS policies and procedures
- Produce detailed reports for the energy sector
- Develop strategies to address environmental sustainability issues in the energy sector

DEVELOP YOUR TALENT

Develop the attributes to help you get ahead:

- Big picture thinking
- An analytical approach to problem-solving
- Collaboration and teamwork skills
- The ability to work autonomously
- Strong communication skills

ACHIEVE YOUR GOALS

Completing this course provides you with:

- A nationally recognised qualification at Diploma level
- A strong pathway to continue your study and enhance your career opportunities

Career opportunities:

- Technical officer (electrical engineering)

GROW YOUR CAREER

Take your career further with the:

- Advanced Diploma of Electrical - Engineering

CAMPUS	STUDY MODE	START DATE	DURATION	MAX FEE IF ELIGIBLE FOR SUBSIDY	HOURS PER WEEK
Newcastle	Part Time, On campus	12 Jul 2021	36 Weeks	\$8,260.00	11.9
